INDEPENDENT AUDITOR'S REPORT

To the County Board Coles County, Illinois Charleston, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Coles County, Illinois as of and for the year ended November 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Coles County, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Coles County, Illinois as of November 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and certain major Special Revenue Funds for the year then ended in conformity with the accounting principles generally accepted in the United States of America.

Coles County Board Coles County, Illinois Page 2

In accordance with Government Auditing Standards, we have also issued our report dated August 24, 2012, on our consideration of Coles County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedule of Funding Progress for the pension plans and post-employment healthcare benefit program on page 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Coles County Board Coles County, Illinois Page 3

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Coles County, Illinois' basic financial statements. The combining and individual nonmajor fund financial statements and additional information section and the schedule of expenditures of federal awards, required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual nonmajor fund financial statements, the Summary of Tax Charge and Assessment, the Summary of Assessed Valuation, the Schedule of Tax Rates, Extensions and Collections - County Funds, and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the Summary of Tax Charge and Assessment, the Summary of Assessed Valuation, the Schedule of Tax Rates, Extensions and Collections - County Funds, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Coles County, Illinois basic financial statements. The additional information, excluding the Summary of Tax Charge and Assessment, Summary of Assessed Valuation and the Schedule of Tax Rates, Extensions and Collections - County Funds, are presented for the purposes of additional information and have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Board Coles County, Illinois Charleston, Illinois

We have audited the financial statements of Coles County, Illinois as of and for the year ended November 30, 2011, and have issued our report thereon dated August 24, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of Coles County, Illinois is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Coles County, Illinois' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined previously.

Coles County Board Coles County, Illinois Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Coles County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Coles County, Illinois in a separate letter dated August 24, 2012.

This report is intended solely for the information and use of the finance committee, management and others within the organization, County Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the County Board Coles County, Illinois Charleston, Illinois

Compliance

We have audited Coles County, Illinois' compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2011. Coles County, Illinois' major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Coles County, Illinois' management. Our responsibility is to express an opinion on Coles County, Illinois' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Coles County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Coles County, Illinois' compliance with those requirements.

In our opinion, Coles County, Illinois complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2011.

Coles County Board Coles County, Illinois Page 2

Internal Control over Compliance

Management of Coles County, Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Coles County, Illinois's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Coles County, Illinois' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the finance committee, management and others within the organization, County Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

The accompanying notes are an integral part of these financial statements.

COLES COUNTY, ILLINOIS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended November 30, 2011

Net Change in Governmental Fund Balance	\$ (1,885,076)
Amounts reported for the governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which	C 101 540
capital outlays exceeded depreciation in the current period.	6,191,548
Accrued interest reported in the statement of activities does not	
require the use of current financial resources and is, therefore,	
not reported as an expenditure in governmental funds.	(49,128)
Some expenses, such as compensated absences, reported in the statement	
of activities do not require the use of current financial resources	
and are, therefore, not reported as expenditures in governmental funds.	(18,144)
The increase in OPEB obligation resulting from annual required contributions	
in excess of actual contributions do not require the use of current financial	
resources and, therefore, is not reported as expenditures in the funds.	(8,287)
The increase in the net pension obligation payable does not require the use of current	
financial resources and, therefore, is not reported as expenditures in the funds.	(66,131)
The County disposed of capital assets with a book value of \$6,173.	 (6,173)
Change in Net Assets of Governmental Activities	\$ 4,158,609

COLES COUNTY, ILLINOIS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND

CHANGES IN FUND BALANCE OF GOVERNMENTAL COMPONENT UNIT TO THE STATEMENT OF ACTIVITIES

For the Year Ended November 30, 2011

Net Change in Governmental Component Unit Fund Balance	\$	76,641
Amounts reported for the governmental component unit in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported		
as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		(89,787)
Accrued interest reported in the statement of activities does not require the use of current financial resources and is, therefore, not reported as an expenditure in governmental funds.		485
Principal paid on long term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount of principal payments.		153,399
Some expenses, such as loan forgiveness, reported in the statement of activities do not require the use of current financial resources and are, therefore, not reported as expenditures in governmental funds.		(93,404)
Some expenses, such as compensated absences, reported in the statement of activities do not require the use of current financial resources and are, therefore, not reported as expenditures in governmental funds.		6,575
Change in Net Assets of Governmental Component Unit	<u>\$</u>	53,909

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Coles County, Illinois conform to U.S. generally accepted accounting principles as applicable to governments.

The following is a summary of the more significant policies:

a) Financial Reporting Entity - The accompanying financial statements present the County's primary government and component units over which the County exercises significant influence. Component units are legally separate organizations for which the elected officials of Coles County are financially accountable. Coles County would be considered financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Coles County (i.e., entitled to or can access the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for the debt of the organization). If an organization is fiscally dependent on Coles County, the County is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

The County Board Chairman and County Board make appointments of the governing boards of a number of fire protection, drainage, public water and sanitary districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the discretion of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and, therefore, has no financial accountability. These units are not considered units of Coles County, Illinois. Several other governmental entities have operations within the County but are separate legal entities. These entities include Coles County Housing Authority, Coles County Airport Authority and Lifelinks (formerly Coles County Mental Health Association, a 501(c)(3) non-profit organization). The County is not financially accountable for these entities and they are, therefore, not included in the County's reporting entities.

Based on the foregoing criteria, the following organizations meet the criteria of a component unit of Coles County.

The following organizations are discretely reported component units of the County:

Mental Health Fund - The County Board members appoint the Mental Health Board and approve the tax levy for the Mental Health Fund. In addition, the County Treasurer's office maintains the accounting records of the Mental Health Fund. The payroll of the Mental Health Fund is included with the County's payroll in reporting to various federal and state agencies. The Mental Health Fund has been included in the County's reporting entity as a discretely reported component unit. Separate financial statements are not issued.

Emergency Telephone System Fund - The County Board members appoint the Emergency Telephone System Board. In addition, the County Treasurer's office maintains the accounting records of the Emergency Telephone System Fund and collects the telephone surcharge which is used to fund the system. The payroll of the Emergency Telephone System Fund is included with the County's payroll in reporting to various federal and state agencies. The Emergency Telephone System Fund has been included in the County's reporting entity as a discretely reported component unit. Separate financial statements are not issued.

Coles County Public Building Commission - The County Board members appoint the Building Commission Board. Buildings of the Building Commission are leased to the County. In addition, the County's approval is needed for the issuance of bonded debt to finance the Building Commission's projects. The Coles County Public Building Commission has been included in the County's reporting entity as a discretely reported component unit. Separate financial statements may be obtained by writing to Coles County Public Building Commission, P.O. Box 346, Charleston, Illinois 61920.

The following organization is blended with the primary government as a special revenue fund:

Public Health Fund - The County Board members appoint the Public Health Board and approve the budget for the Public Health Fund. In addition, the County Treasurer's office maintains the accounting records of the Public Health Fund. The payroll of the Public Health Fund is included with the County's payroll in reporting to various federal and state agencies. The Public Health Fund has been included in the County's reporting entity as a special revenue fund.

b) Basis of Presentation - The County's basic financial statements include both government-wide and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The County's general, special revenue, and debt service funds are classified as governmental activities while the County's proprietary funds are classified as business-type activities.

The County's fiduciary funds are presented in the fiduciary fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

The effect of interfund activity, within the government and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and (2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

c) Fund Accounting - The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the County:

Governmental Funds:

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the County's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of "financial flow" (sources, use and balances of financial resources).

General Fund - The general fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. The County Farm and Tipping Fee funds are combined with the County General fund for financial statement purposes.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are restricted or committed to expenditures for specified purposes. The County's major special revenue funds are County Motor Fuel Tax, County Highway Matching Tax, Illinois Municipal Retirement, and Public Transportation Grant. The purpose and substantial restricted resources for each major special revenue are listed below:

County Motor Fuel Tax - To account for revenues and expenditures related to operating, constructing, and improving public highways and waterways, and acquiring real property and right-of-ways for public highways and waterways. The major source of revenue is the state motor fuel (gasoline) tax which is collected and distributed by the State of Illinois.

County Highway Matching Tax - To account for revenues and expenditures related to engineering, right-of-way costs, utility relocations, and the County's proportionate share of construction or highway maintenance costs. The major sources of revenue include the County's dedicated property tax levy and grant income from the Illinois Department of Transportation for various highway projects.

Illinois Municipal Retirement - To account for revenues and expenditures related to the County's participation in the IMRF defined benefit pension plan. The major sources of revenue include the County's dedicated property tax levy, personal property replacement tax, reimbursements from other departments, and IMRF withholding from employees' wages.

Public Transportation Grant - To account for revenues and expenditures related to the Department of Transportation Section 5311 Formula grant and Illinois Department of Revenue Downstate Operating Assistance grant. The grant revenue is passed-through to the Coles County Council of Aging, Inc. as a subrecipient to fund their Dial-A-Ride program.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources and the payment of general obligation debt of the County. The County has no major debt service funds.

Proprietary Funds:

Proprietary Funds are those funds through which the accounting objectives are determinations of operating income, change in net assets, financial position, and changes in cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the County:

Enterprise Funds - Enterprise funds are used to account for operations (1) that are financed and operated in a manner similar to private business enterprises---where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The County has one enterprise fund and two component unit enterprise funds.

Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support County programs. The reporting focus is on net assets and changes in net assets and are reported using account principles similar to proprietary funds. The County's fiduciary funds are presented in the fiduciary fund financial statements by type. Because by definition these assets are being held for the benefit of a third party (individuals, private organizations, other governments, and/or other funds) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements. The County has fifteen agency funds.

d) Basis of Accounting - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Government-wide financial statements - Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Fund financial statements - The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. All governmental fund revenues, other than property taxes, are considered available if collectible within the current period or within sixty days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt which is recognized when due and payable.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources management focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting.

All private-sector standards of accounting and financial reporting (including those issued after December 1, 1989) are generally followed in both the government-wide and enterprise fund financial statements to the extent that those standards do not conflict with guidance of the Governmental Accounting Standards Board.

e) Budgets - Budgets are adopted substantially on a modified accrual basis, which is consistent with the County's method of accounting, except that any budget balances remaining at the close of a fiscal year shall be available for 30 days after its close for payment of obligations. Formal budgetary integration is employed as a management control device during the year. Both the original and final amended budgets are presented as approved by the County Board.

Statements of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual reflect the legally adopted budget compared to actual amounts for all governmental funds in which the County adopts a budget. The County adopts budgets for the following governmental funds: County General, County Farm, Tipping Fee, County Highway Matching Tax, Illinois Municipal Retirement, Debt Service, County Construction of Bridges, Tuberculosis, Law Library, Senior Citizen's, Liability Protection, County Highway, GIS, Probation Services, Public Health, SFOOR Grant, Home Modification Grant, and Energy Efficiency Grant.

- f) Cash and Cash Equivalents For purposes of the statement of cash flows, the County's proprietary fund types consider all cash deposits and highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.
- g) Inventories Inventories are priced at cost (first-in, first-out) which approximates market. Inventories included in the Clerk's Revenue Tax Stamp Fund consist of revenue stamps.
- h) Capital Assets, Depreciation and Amortization Capital assets, which includes property, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements and in the fund financial statements for proprietary funds. The County defines capital assets, other than infrastructure, as assets with an initial individual cost of at least \$5,000 and an estimated useful life in excess of two years. Infrastructure assets must have an initial cost of at least \$50,000. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are stated at their fair market value on the date donated. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The County reports all major general infrastructure assets constructed or acquired in fiscal years ending after November 30, 1980, or that received major renovations, restorations, or improvements during that period. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

	<u>Years</u>
Buildings	40
Infrastructure	30
Building improvements	20
Vehicles	8
Office equipment	8
Other equipment	8

i) Interfund Activity - Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental and business-type activities are reported in the government-wide financial statements as "internal balances." Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements are when a fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements. Operating transfers between funds during the year ended November 30, 2011 were as follows:

	Operating <u>Transfers In</u>	Operating Transfers Out
Governmental Activities: County General Illinois Municipal Retirement Other governmental funds	\$ 1,283,696 - <u>196,290</u>	\$ 196,290 6,010 1,277,686
	<u>\$ 1,479,986</u>	<u>\$ 1,479,986</u>

The transfers into the County General Fund were to cover operating expenses and were as follows: fee revenue of \$196,926, interest income of \$6,897, special tax levies of \$973,715, and \$106,158 to cover the state shortfall for probation services. The County General Fund also transferred \$196,290 to the Public Health Fund to cover operating expenses.

Individual fund and component unit receivables and payables consisted of the following at November 30, 2011:

<u>Due To</u>	Due From	A	mount
County General	Public Building Commission	\$	426,000
County General	Liability Protection		1,092

The loan from the County General Fund to the Public Building Commission is for the purchase of real estate. The respective Boards have verbally agreed that the real estate owned by the Public Building Commission will be deeded back to the County to satisfy the loan. This transaction is expected to occur during the year ended November 30, 2012. The loan from Liability Protection to County General is for the unemployment tax levy.

j) Accrued Liabilities and Long-Term Obligations - All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. Bonds, capital leases and long-term notes that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

k) Property taxes - Property taxes are levied by the Coles County Board and are collected by the Coles County Treasurer. Property is assessed on January 1 each year. Taxes for the year 2010 were levied and collected during 2011. The final dates for payment without penalty were June 1, 2011 and September 3, 2011. Significant collections are made during the week preceding the due date.

Taxes become a lien against the property if not paid by the date of the Tax Sale (normally the 3rd Monday in October). The tax sale was held October 24, 2011.

No significant collections of property tax occur within 60 days of the close of the fiscal year.

- Operating Revenues and Expenses Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services in connection with the proprietary funds' principal operations. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.
- m) Net Assets Net assets on the government-wide and proprietary fund financial statements are divided into three components:
 - Invested in capital assets, net of related debt consist of the historical cost of capital assets less
 accumulated depreciation and less any debt that remains outstanding that was used to finance those
 assets.
 - 2. Restricted net assets consist of net assets that are restricted by the County's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by both federal and state grantors and by other contributors.
 - 3. Unrestricted all other net assets are reported in this category.
- n) Fund Balance In 2011, the County implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement establishes new fund balance classifications for governmental fund types and clarifies the definitions of the governmental fund types. The statement also makes the nature and extent of the constraints placed on a government's fund balance more transparent.

The following classifications describe the constraints placed on the purposes for which resources can be used:

- 1. Nonspendable fund balance consist of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
- Restricted fund balance consist of amounts that are subject to outside restrictions, such as those
 imposed by creditors, grantors, contributors, or laws and regulations of other governments, or by law
 through constitutional provisions or enabling legislation.
- 3. Committed fund balance consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the County Board Members). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.
- 4. Assigned fund balance consist of amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. The intent can be expressed by the County Board Members or by an official or body which the Board delegates authority.
- Unassigned Fund Balance consist of amounts available for any purpose and positive amounts are reported only in the General Fund.

At November 30, 2011, the County had the following governmental fund balance classifications:

	County General	County Motor Fuel <u>Tax</u>	County Highway Matching	Illinois Municipal Retirement	Other Funds
Restricted for:					
General government	\$ 310,461	\$ -	\$ -	\$ 1,625,126	\$ 1,469,916

	2,527		-	-	388,244

	County General	County Motor Fuel Tax	County Highway <u>Matching</u>	Illinois Municipal Retirement	Other Funds
Unassigned	2,881,038	-	•		-
Total Fund Balance	\$ 3,852,773	<u>\$ 613,444</u>	\$ 4 <u>,796,633</u>	\$ 1,625,126	<u>\$ 4,135,959</u>

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

o) Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - EXCESS OF EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

Expenditures exceeded the budget in the following funds:

	<u>Budget</u>		<u>Expenditures</u>	
Liability Protection	\$	958,180	\$	974,571
Probation Services		180,658		212,349
SFOOR Grant		142,817		219,350
Home Modification Grant		14,000		96,885

NOTE C - RESTRICTED ASSETS

The County has restricted cash in the General Fund for specific donations, unspent grant funds, and fee revenue that is restricted for specific purposes. The Public Building Commission has restricted cash for debt service requirements.

NOTE D - CASH DEPOSITS

The County is allowed to invest in one or more of the following: (a) interest bearing certificates of deposit, interest bearing time deposits or interest bearing savings accounts constituting direct obligations of any bank selected and designated pursuant to law; (b) shares or other forms of securities legally issuable by savings and loan associations incorporated under the laws of Illinois or any other State of the United States, provided such shares are insured by the Federal Savings and Loan Insurance Corporation; (c) bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest.

At November 30, 2011, the County had the following cash deposits:

Governmental Activities:	
Cash on hand	\$ 943
Cash deposits	13,699,562
Certificates of deposit	147,000
	\$13,847,505

Business-Type Activities: Cash on hand Cash deposits	\$ 500 294,610
	\$ 295,110
Fiduciary Funds:	
Cash on hand	\$ 1,920
Cash deposits	3,379,746
Certificates of deposit	214,816
	<u>\$ 3,596,482</u>
Component Units:	
Cash on hand	\$ 150
Cash deposits	1,133,646
	<u>\$ 1,133,796</u>

Disclosures Relating to Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The County minimizes its exposure to interest rate risk by limiting its purchases of long term investments and by structuring investments to mature to meet cash requirements. At November 30, 2011, the County's investments consisted of deposits with local financial institutions. Certificates of deposits mature in 12 months.

Disclosures Relating to Credit Risk:

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's cash deposits held with local financial institutions are not subject to credit risk rating.

Concentration of Credit Risk:

The County's investment policy does not place limitations on the amount that can be invested in any one issuer. Cash deposits held with local financial institutions are exempt from the 5% investment in any one issuer disclosure.

Custodial Credit Risk:

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Deposits in federally insured banks and savings and loans are insured up to \$250,000 per custodian (County Treasurer, County Clerk, Circuit Clerk). The County's investment policy requires that all amounts deposited or invested with financial institutions in excess of any insurance limit be collateralized by securities held by the County in the County's name. As of November 30, 2011, all cash deposits were insured or covered by collateral.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of deposits or investments. None of the County's deposits or investments are directly subject to foreign currency risk.

NOTE E - CAPITAL ASSETS

A summary of changes in capital assets follows:

Primary Government: Governmental Activities:	Balance 11/30/10	Additions	Retirements	Balance 11/30/11

NOTE F - DEFINED BENEFIT PENSION PLAN

a) Illinois Municipal Retirement Fund - Sheriff's Law Enforcement Personnel

Plan Description - The County's defined benefit pension plan for Sheriff's Law Enforcement Personnel employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The plan is affiliated with the Illinois Municipal Retirement (IMRF) an agent-multiple employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

Funding Policy - As set by statute, the County Sheriff's Law Enforcement Personnel plan members are required to contribute 7.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2010 was 20.02 percent of annual covered payroll. The employer annual required contribution rate for calendar year 2010 was 21.75 percent of annual covered payroll. The employer annual required contribution rate for calendar year 2011 was 21.51 percent. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost - For the fiscal year ending November 30, 2011, the County's actual contributions for pension cost for the Sheriff's Law Enforcement Personnel were \$399,790. Its required contribution for the fiscal year ending November 30, 2011 was \$402,485.

THREE-YEAR TREND INFORMATION FOR THE SHERIFF'S LAW ENFORCEMENT PERSONNEL PLAN

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension <u>Obligatior</u>	
11/30/11	\$ 403,091	99%	\$ 31,63	4
11/30/10	383,016	93%	28,33	3
11/30/09	331,773	100%		_

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.50 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the County Sheriff's Law Enforcement Personnel plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The County Sheriff's Law Enforcement Personnel plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress - As of December 31, 2010, the most recent actuarial valuation date, the Sheriff's Law Enforcement Personnel plan was 43.36 percent funded. The actuarial accrued liability for benefits was \$5,749,162 and the actuarial value of assets was \$2,492,743, resulting in an underfunded actuarial accrued liability (UAAL) of \$3,256,419. The covered payroll for 2010 (annual payroll of active employees covered by the plan) was \$1,793,509 and the ratio of the UAAL to the covered payroll was 182 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

b) Illinois Municipal Retirement Fund - Coles County Public Building Commission Employees

Plan Description - The County's defined benefit pension plan for Public Building Commission employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The plan is affiliated with the Illinois Municipal Retirement (IMRF) an agent-multiple employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

Funding Policy - As set by statute, the County Public Building Commission plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2010 was 0.00 percent of annual covered payroll. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost - For the fiscal year ending November 30, 2011, the Commission's actual contributions for pension cost were \$0. Its required contribution for the fiscal year November, 30, 2011 was \$0.

THREE-YEAR TREND INFORMATION FOR THE PUBLIC BUILDING COMMISSION PLAN

Fiscal Year Ending	Ann Pens <u>Cost (</u>	ion	Percentage of APC Contributed	- '	et sion ation
11/30/11	\$	-	100%	\$	_
11/30/10		-	100%		-
11/30/09		-	100%		-

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.50 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the County Public Building Commission plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The County Public Building Commission plan's overfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress - As of December 31, 2010, the most recent actuarial valuation date, the Public Building Commission plan was 111.05 percent funded. The actuarial accrued liability for benefits was \$15,568 and the actuarial value of assets was \$17,288, resulting in an overfunded actuarial accrued liability (UAAL) of \$1,720. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$0. Because the plan is overfunded, there is no ratio of the UAAL to the covered payroll.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. In April 2004, the Coles County Public Building Commission transferred its IMRF liability to the County since it no longer has employees.

c) Illinois Municipal Retirement Fund - Elected County Officials

Plan Description - The County's defined benefit pension plan for Elected County Official employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The plan is affiliated with the Illinois Municipal Retirement (IMRF) an agent-multiple employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

Funding Policy - As set by statute, the Elected County Official plan members are required to contribute 7.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2010 was 73.09 percent. The employer annual required contribution rate for calendar year 2011 was 71.87 percent. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost - The required contribution for the fiscal year ending November 30, 2011 was \$172,234.

THREE-YEAR TREND INFORMATION FOR THE ELECTED COUNTY OFFICIAL PLAN

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pensior Obligation	
11/30/11	\$ 172,234	100%	\$	
11/30/10	175,948	100%		-
11/30/09	163,882	100%		_

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.50 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the Elected County Official plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Elected County Official plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress - As of December 31, 2010, the most recent actuarial valuation date, the Elected County Official plan was 0.0 percent funded. The actuarial accrued liability for benefits was \$2,182,028 and the actuarial value of assets was \$(352,223), resulting in an underfunded actuarial accrued liability (UAAL) of \$2,534,251. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$241,967 and the ratio of the UAAL to the covered payroll was 1047 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

d) Illinois Municipal Retirement Fund - All Other Employees

The County's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The plan is affiliated with the Illinois Municipal Retirement (IMRF) an agent-multiple employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

Funding Policy - As set by statute, the County regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2010 used by the employer was 9.02 percent of annual covered payroll. The employer contribution rate for calendar year 2011 used by the employer was 9.92 percent of annual covered payroll. The employer annual required contribution rate for calendar year 2010 was 11.01 percent. The employer annual required contribution rate for calendar year 2011 was 10.79 percent. The County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost - For the fiscal year ending November 30, 2011, the County's actual contributions for pension cost for the Regular plan were \$614,826. Its required contribution for the fiscal year ending November 30, 2011 was \$675,161.

THREE-YEAR TREND INFORMATION FOR THE REGULAR PLAN

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
11/30/11	\$ 677,656	91%	\$ 179,466
11/30/10	690,096	83%	116,636
11/30/09	526,489	100%	-

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.50 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the County regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The County regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress - As of December 31, 2010, the most recent actuarial valuation date, the regular plan was 73.90 percent funded. The actuarial accrued liability for benefits was \$15,985,701 and the actuarial value of assets was \$11,813,527, resulting in an underfunded actuarial accrued liability (UAAL) of \$4,172,174. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$6,396,016 and the ratio of the UAAL to the covered payroll was 65 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE G - DEFERRED COMPENSATION PLAN

The County offers its employees three deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all County employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The three plans are administered by independent plan administrators, Lincoln Financial Group, Nationwide Retirement Solutions, Inc., and Edward Jones. Plan assets are invested in mutual funds and annuities.

Amendments to the laws governing Section 457 deferred compensation plans substantially became effective January 1, 1997. The County approved plan amendments such that plan assets are held in trust, with the County serving as trustee, for the exclusive benefit of the plan participants and their beneficiaries. The assets will not be diverted to any other purpose. The County's beneficial ownership of plan assets will be held for the further exclusive benefit of the plan for the exclusive benefit of participants and beneficiaries.

It is the opinion of the County's legal counsel that the County, as trustee, has no liability for plan losses but does have the duty of due care that would be required of an ordinary prudent investor.

Total plan assets as of September 30, 2011 (latest information available) are:

Lincoln Financial Group	\$ 666,299
Nationwide Retirement Solutions, Inc.	1,064,345
Edward Jones	77,994
	\$ 1.808.638

NOTE H - OTHER POST-EMPLOYMENT BENEFITS

Plan Description - In addition to providing the pension benefits described, the County provides post-employment health care insurance benefits (OPEB) for retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions, and employer contributions are governed by the County and can be amended by the County through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

Benefits Provided - The County provides post-employment health care insurance benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the County's retirement plans. All health care benefits are provided through the County's insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include: general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the County's plan becomes secondary.

Membership - At November 30, 2011, membership consisted of:

Retirees and beneficiaries of employees currently receiving benefits	11
Terminated employees entitled to benefits	
but not yet receiving them	•
Active vested plan members	105
Active nonvested plan members	_114
Total	_230
Participating employers	1

Funding Policy - The County negotiates the contribution percentages between the County and employees through the union contracts and personnel policy. All retirees contribute 100% of the blended premium to the plan and the County contributes the remainder to cover the cost of providing the benefits to the retirees via the insured plan (pay as you go). For the fiscal year ended November 30, 2011, retirees contributed \$103,099 and the County contributed \$23,995. Active employees do not contribute to the plan until retirement.

Annual OPEB Costs and Net OPEB Obligation - The County had an actuarial valuation performed for the plan to determine the employer's annual required contribution (ARC) for the fiscal years ended November 30, 2011, 2010 and 2009. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for fiscal year 2011 was as follows:

					Percentage			
	1	Annual			of Annual		Net	
November	(OPEB	Em	ployer	OPEB Cost		OPEB	
30		Cost	Contributions		Contributed	<u>Obligatio</u>		
2011	Φ.	20.007	Φ.	10 (00	60.20/	Φ.	24.600	
2011	\$	20,887	\$	12,600	60.3%	\$	24,698	
2010		20,751		12,600	60.7%		16,411	
2009		20,860		12,600	60.4%		8,260	

The net OPEB obligation (NOPEBO) as of November 30, 2011 (latest information available), was calculated as follows:

Annual required contribution	\$	20,613
Interest on net OPEB obligation		821
Adjustment to annual required contribution		(547)
Annual OPEB cost		20,887
Contribution made		12,600
Increase (decrease) in net OPEB obligation		8,287
Net OPEB obligation, beginning of year		16,411
	_	
Net OPEB Obligation, End of Year	S	<u> 24.698</u>

Funded Status and Funding Progress

The funded status of the plan as of November 30, 2011 was as follows:

Actuarial accrued liability (AAL)	\$ 484,384
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	484,384
Funded ratio (actuarial value of plan assets/AAL)	0%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The projected unit credit actuarial cost method was used. The actuarial assumptions included a 5.00% investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 8.00% initially, reduced by decrements to an ultimate rate of 6.00%. Both rates include a 3.00% inflation assumption. The actuarial value of assets was not determined as the County has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at November 30, 2009, was 30 years.

NOTE I - LONG-TERM DEBT

a) The long-term debt of the County consists of general obligation bonds payable, mortgages to purchase property for the Mental Health Fund, and bonded debt for the Coles County Public Building Commission. A summary of the County's debt as of November 30, 2011, and transactions for the year then ended follows:

	Balance November 30, 2010	Additions	Retired	Balance November 30 2011	Amount Due Within One Year
Governmental Activities: Bonds Payable	\$ 1,275,000	<u>\$</u>	<u>s -</u>	<u>\$ 1,275,000</u>	\$ 80,000
Component Units: Mental Health: Notes Payable	<u>\$ 397,859</u>	<u>\$</u>	\$ 1 <u>53,399</u>	<u>\$ 244,460</u>	\$ 99,072
Public Building Commissior Bonds Payable	n: \$ 405,000	<u> </u>	\$ 25,000	\$ 380,000	\$ 25,000

b) Governmental Activities:

On October 27, 2010, the County issued \$1,275,000 of General Obligation (Alternative Revenue Source) Bonds dated October 1, 2010. The bonds were issued to alter, repair, and equip County buildings including the Courthouse, Correctional Facility Building, and Animal Control Building. Interest payment dates are June 1 and December 1 commencing December 1, 2011. Interest rate varies from 3.55% to 3.9%. Principal payments are due December 1, commencing December 1, 2011 with final payment due December 1, 2020. As of November 30, 2011, outstanding bonds payable were \$1,275,000.

The annual requirements to retire long-term debt as of November 30, 2011, are as follows:

Year Ending November 30	Pı	rincipal		nterest	Total		
2012	\$	80,000	\$	79,393	\$	159,393	
2013		115,000		43,606		158,606	
2014		120,000		39,315		159,315	
2015		125,000		34,721		159,721	
2016		125,000		30,034		155,034	
2017-2021		710,000		71,760		781,760	
	<u>\$_1</u>	,275,000	<u>\$</u>	298,829	\$	1,573,829	

c) Component Unit - Mental Health:

On September 29, 2000, the Mental Health Board borrowed \$989,778 from First Mid-Illinois Bank and Trust to pay off three loans at Bank of America and to finance building remodeling. The mortgage is payable over ten years at 6.2%, but was refinanced on November 26, 2002 at 4.75%, monthly installments of \$7,788.50, and a balloon payment of \$422,991.82, due September 29, 2010. The loan was modified on May 21, 2009, changing the terms to 47 monthly payments of \$7,788.50 at 4.2% with a balloon payment on April 29, 2013. The loan was modified on November 8, 2011, changing the terms to 18 monthly payments of \$8,663.99 at 2.72% with a balloon payment on May 29, 2014. As of November 30, 2011, the mortgage payable amounted to \$244,460.

The annual requirements to retire long-term debt as of November 30, 2011, are as follows:

Year Ending November 30	Principal	Interest	Total			
2012 2013 2014	\$ 99,072 101,270 44,118	\$ 4,896 2,698 308	\$ 103,968 103,968 44,426			
Total	\$ 244,460	\$ 7,902	\$ 252,362			

d) Component Unit - Public Building Commission

The Public Building Revenue Bond Issue, Series 1996, was executed and bonds issued under terms of a resolution adopted November 13, 1996. The resolution authorized a total of \$600,000 in public revenue bonds to finance the construction of an office building for the Regional Office of Education. The bonds were issued December 6, 1996. The Series 1996 bond issue was paid off on June 1, 2008 with the issuance of the Public Building Revenue Refunding Bonds, Series 2008 on April 15, 2008. The cash flow savings resulting from the debt refunding is \$32,622. The refunding bonds were issued at a premium of \$21,191 and the bond issuance costs were \$21,191. The bonds carry an interest rate that varies between 4.15% to 6.15% with final payment due December 1, 2021. As of November 30, 2011, outstanding bonds payable were \$380,000. The annual future maturities are as follows:

Year Ending November 30	Interest Rate	<u>_I</u>	Principal_		Interest	*	Total
2012	5.75%	\$	25,000	\$	18,114	\$	43,114
2013	5.75%		25,000		16,676		41,676
2014	6.15%		30,000		15,035		45,035
2015	5.90%		30,000		13,228		43,228
2016	5.90%		30,000		11,458		41,458
2017-2021	5.90-4.15%		195,000		30,912		225,912
2022	4.15%	_	45,000	_	934		45,934
Total		<u>\$</u>	380,000	<u>\$</u>	106,357	\$_	486,357

On December 6, 1996, the Commission incurred bond issue costs of \$6,903. Bond issue costs were being amortized over 24 years. The Revenue Bond Issue, Series 1996 was paid off on June 1, 2008 with the issuance of the Revenue Refunding Bonds, Series 2008. Remaining unamortized premium at the time of refunding was \$3,379 which will be amortized over the life of the new bonds for 13 years. Amortization expense was \$288 for the fiscal year ended November 30, 2011.

The bond premium and bond issue costs for the Refunding Bond Issue, Series 2008 were each \$21,191. This is amortized over the life of the new bond issue for 13 years. Amortization of the premium was \$ for the fiscal year ended November 30, 2011. Amortization expense of the bond issue costs was \$1,630 for the fiscal year ended November 30, 2011.

NOTE J - COMPENSATED ABSENCES

County employees are annually granted vacation, sick and personal leave in varying amounts depending on length of employment. Unused vacation time may be accumulated and carried over to a maximum of 20 days. Also, an employee will be paid up to 20 days of vacation time upon termination of employment. Up to 240 days of sick leave will be credited to an employee's IMRF account upon retirement, but is not paid out upon termination. Personal leave may not be carried over from one year to the next. Accumulated unpaid compensated absences are accrued when incurred in both the government-wide statements and the proprietary fund types. The liability for compensated absences for governmental activities is liquidated by the General Fund or by the Special Revenue Fund from which the related employee's salary is normally paid.

Governmental Activities	<u>\$ 228,837</u>
Business-Type Activities	\$ 16,709
Component Units: Mental Health Emergency Telephone System	\$ 12,398 2,957
	<u>\$ 15,355</u>

NOTE K - REVENUES PLEDGED

The County has pledged a portion of future tax revenues imposed by the State of Illinois pursuant to the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailer's Occupation Tax Act to repay \$1,275,000 in General Obligation (Alternative Revenue Source) Bonds issued October 2010 to alter, repair, and equip County buildings including the Courthouse, Correctional Facility Building, and Animal Control Building. Total principal and interest requirements for the bonds are \$1,573,829, payable semiannually through December 2020.

NOTE L - OPTION AGREEMENT

On November 15, 1994, the County entered into an option agreement/marketing-management agreement with Coles Together, the County's not-for-profit economic development organization. The option covers 120 acres owned by the County which Coles Together is to develop into a business park. Coles Together shall pay \$100 per year per tillable acre for all premises not previously conveyed to Coles Together or its assigns as of January 1, commencing with January 1, 1995. The option price is \$3,850 per acre. The option shall continue as long as Coles Together is engaged in activities relating to economic growth. As of November 30, 2011, options had been exercised on 42.44 acres.

NOTE M - OPERATING LEASES

The Public Building Commission has also entered into an operating lease of its Regional Office of Education facility to the County. The County has subleased the facility to the Regional Office of Education which is funded by nine counties. The Public Building Commission will pay bond principal, interest and administrative costs related to the Regional Office facility.

The minimum future lease income is as follows:

Due December 1	
2012	\$ 44,280
2013	44,280
2014	44,280
2015	44,280
2016	44,280
2017-2021	221,400
2022	43,557
Total	<u>\$ 486,357</u>

During the year ended November 30, 2011, rent payments of \$44,280 were received from the Regional Office of Education.

NOTE N - FEDERAL GRANTS

The County has received various federal grants subject to audit under the requirement of the Single Audit Act. Reporting requirements of the Single Audit Act are included in this report on pages 100-106. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

NOTE O - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has purchased commercial insurance for these risks. There have been no significant reductions in coverage from the prior year.

NOTE P - NOTE RECEIVABLE

In August 2007, the County entered into a promissory note with the Coles County Mental Health Association, Inc. (not-for-profit) DBA Lifelinks Mental Health in the amount of \$137,127 at an interest rate of 4.75%. At November 30, 2011, the note receivable balance was \$93,404. The promissory note was amended on August 1, 2011, to forgive the entire balance.

NOTE Q - ACCOUNTING CHANGE

In 2011, the County implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. In order to conform the classifications of the funds to the appropriate fund types under these new definitions, the County Farm fund balance of \$631,692 and Tipping Fee fund balance of \$464,062 were reclassified to the General Fund.

NOTE R - PRIOR PERIOD ADJUSTMENT

The County has restated beginning net assets of the governmental activities as of November 30, 2010 to correct the reporting of capital assets and accumulated depreciation.

Governmental activities:
