

For the REDDIT users reaching us from this link: <https://redd.it/3hwgfe>

The original author, “Riddleless_Sphinx” has told you are fable and is almost completely false, and I will elaborate below:

When you have to start your rant with “everything written here is true”, you know you must have a problem with determining what truth actually is.

“It all started with a Muslim Tolerance and Education program back in 2013”

FALSE. This has absolutely nothing to do with any such program. The OPPL can have all the tolerance events it chooses to have, and the public has the right to object if they feel so inclined.

Claims of no record of pornography being access, child or otherwise

FALSE. The libraries own records, long delayed, proves the above statement to be false.

“Trying to defund the library”

FALSE. Trying to have filters installed to block child pornography is what they are after. Even these filters can be unblocked by a library worker if requested.

“Not being allowed private access to library budgets, private employee records...they sued the library”

FALSE. The suit was for PUBLIC access to PUBLIC budget records and PUBLIC employee records. This is required by Illinois law. The Judge ruled against the library and made them pay attorney fees, etc.

“This website contains the Christian “activist” updating her followers...”

FALSE. That website is a Watchdog website, and some of the article contain information about Megan Fox and the OPPL. As an admin for that website, I feel the library was and is dead wrong in its attempts at keeping public records from anyone, and attempts at harassing requesters, filing false police reports, holding illegal meetings, and stifling public comments. This is the history of the OPPL for the past couple of years. The law, the AG, and the Courts are all against these types of actions by public bodies.

“KKK, Northern Alliance, NRA, Westboro...”

Please tell the OP to remove his tin-foil hat! That is a typical statement and claims from someone that knows they are wrong, and is simply trying to elicit support for a cause that is not just. There is no KKK, NA, WBC, NRA, or anything else involved – frankly I’m surprised he didn’t bring up Nazis and skinhead like most on the losing end of events claim.

None s trying to shut down any library, they are simply wanting a resolution to child pornography being allowed in this library. Claiming it is nothing more than “data” or “intellectual freedom” is nonsense and anyone with a decent mind cannot deny it.

Have a nice day and good luck in whatever you think you need to do. www.illinoisleaks.com

COMPLAINT

NOW COME Plaintiffs, MEGAN FOX and KEVIN DUJAN, by their undersigned attorneys, LOEVY & LOEVY, and bring this suit to overturn willful violations of the Illinois Freedom of Information Act by Defendant ORLAND PARK PUBLIC LIBRARY.

INTRODUCTION

1. Pursuant to the fundamental philosophy of the American constitutional form of government, it is the public policy of the State of Illinois that all persons are entitled to full and complete information regarding the affairs of government and the official acts and policies of those who represent them as public officials and public employees consistent with the terms of the Illinois Freedom of Information Act ("FOIA"). 5 ILCS 140/1.

2. Restraints on access to information, to the extent permitted by FOIA, are limited exceptions to the principle that the people of this state have a right to full disclosure of information relating to the decisions, policies, procedures, rules, standards, and other aspects of government activity that affect the conduct of government and the lives of the people. *Id.*

3. All public records of a public body are presumed to be open to inspection or copying. Any public body that asserts that a record is exempt from disclosure has the burden of proving by clear and convincing evidence that it is exempt. 5 ILCS 140/1.2.

4. If the court determines that a public body willfully and intentionally failed to comply with FOIA, or otherwise acted in bad faith, the court shall impose upon the public body a civil penalty of not less than \$2,500 nor more than \$5,000 for each occurrence. 5 ILCS 140/11(j).

5. "Except as to causes the court considers to be of greater importance, proceedings arising under this Section shall take precedence on the docket over all other causes and be assigned for hearing and trial at the earliest practicable date and expedited in every way." 5 ILCS 140/11(h).

PARTIES

6. Plaintiff MEGAN FOX is an Illinois resident.

7. Plaintiff KEVIN DUJAN is an Illinois resident.

8. Defendant ORLAND PARK PUBLIC LIBRARY is a public body located in Cook County, Illinois.

FOX'S AND DUJAN'S FOIA REQUESTS AND ORLAND PARK PUBLIC LIBRARY'S VIOLATIONS

9. On July 24, 2014, FOX requested from ORLAND PARK PUBLIC LIBRARY browser histories and a list of files, folders, and subfolders for the publicly funded computers of certain ORLAND PARK PUBLIC LIBRARY employees. (Exhibit A)

10. On July 31, 2014, ORLAND PARK PUBLIC LIBRARY claimed that no responsive public records exist. (Exhibit B)

11. Upon information and belief based on a general understanding of how files are stored on computers, the requested records do exist.

12. The records requested in the July 24 FOIA request are public records.

13. On August 12, 2014, FOX requested from ORLAND PARK PUBLIC LIBRARY handwritten notes that an ORLAND PARK PUBLIC LIBRARY employee made during a public meeting of the ORLAND PARK PUBLIC LIBRARY board. (Exhibit C)

14. ORLAND PARK PUBLIC LIBRARY refused to produce the notes on the basis that they were protected by the “deliberative process” exemption under FOIA Section 7(1)(f). (Exhibit D)

15. ORLAND PARK PUBLIC LIBRARY has not established that the notes are the expression of opinion shared among public employees as part of the process of formulating policy, and upon information and belief, the notes contain material that is not the expression of such opinions. Therefore, the records are not exempt. To the extent the notes do reflect a deliberation, the Open Meetings Act requires that such deliberations be done at a public meeting, not through secret handwritten notes.

16. On August 13, 2014, DUJAN requested from ORLAND PARK PUBLIC LIBRARY handwritten notes taken by ORLAND PARK PUBLIC LIBRARY officials during a nonpublic “pre-meeting” of a majority of a quorum of the ORLAND PARK PUBLIC LIBRARY board. (Exhibit E)

17. On August 27, 2014, ORLAND PARK PUBLIC LIBRARY denied DUJAN’s request on the basis of the Section 7(1)(f) deliberative process exemption. (Exhibit F)

18. ORLAND PARK PUBLIC LIBRARY has not established that the notes are the expression of opinion shared among public employees as part of the process of formulating

policy, and upon information and belief, the notes contain material that is not the expression of such opinions. Therefore, the records are not exempt. To the extent the notes do reflect a deliberation, the Open Meetings Act requires that such deliberations be done at a public meeting, not through secret documents.

19. On August 29, 2014, DUJAN requested, among other things, copies of all messages sent to the ORLAND PARK PUBLIC LIBRARY's Facebook account and a printout of every user who was banned by ORLAND PARK PUBLIC LIBRARY from posting on its Facebook page. (Exhibit G)

20. On September 16, 2014, ORLAND PARK PUBLIC LIBRARY denied the August 29 request for Facebook messages and banned users, claiming that under Section 7(1)(c) the disclosure of the information would be highly personal or objectionable to a reasonable person and the subject's right to privacy outweighs any legitimate public interest in obtaining the information. (Exhibit H)

21. The identity of Facebook users who post on a Facebook page are publicly available, and the people whom ORLAND PARK PUBLIC LIBRARY banned from posting on its Facebook page can have no expectation of privacy in their identity given the nature of how Facebook works and by choosing user settings allowing their posts to be public have consented in writing to the disclosure of their identities. Moreover, a reasonable person banned from Facebook by a public body would likely be more interested in calling attention to the public body's conduct than remaining anonymous. And in any event, the public interest in identifying government censorship outweighs any privacy interest in the information.

22. On August 30, 2014, FOX requested from ORLAND PARK PUBLIC LIBRARY copies of the hard drives of ORLAND PARK PUBLIC LIBRARY graphic's department printers,

which she believes would show the images of what had been printed, including any improper printing by employees for personal or outside business use at taxpayer expense. (Exhibit I)

23. On September 12, 2014, ORLAND PARK PUBLIC LIBRARY claimed that no public records exist responsive to the August 30 request. (Exhibit J)

24. Upon information and belief, based on a general understanding of how networked printers work, electronic data processing records exist that are responsive to FOX's request.

25. On September 3, 2014, DUJAN requested from ORLAND PARK PUBLIC LIBRARY copies of video of recent board meetings "in either .MP4 format or .MOV format" to be delivered over a free, publicly available cloud sharing service like Drop Box, and specifically asked that the video not be produced on DVDs because that format would not allow DUJAN to post the video on You Tube. (Exhibit K)

26. In response, ORLAND PARK PUBLIC LIBRARY claimed no public records exist and pointed DUJAN to its prior production of video on a DVD. (Exhibit L)

27. Under FOIA Section 6(a), "when a person requests a copy of a record maintained in an electronic format, the public body shall furnish it in the electronic format specified by the requester, if feasible."

28. Upon information and belief based on a general understanding of video recording technology, it is feasible for ORLAND PARK PUBLIC LIBRARY to provide the requested video in .MP4 or .MOV format, either through converting the video files in its immediate possession or, pursuant to FOIA Section 7(2), obtaining raw video files from the videographer who was paid using taxpayer funds to record the meeting.

29. On September 7, 2014, FOX requested notes taken by ORLAND PARK PUBLIC LIBRARY employees at a conference at which taxpayers paid for their attendance. (Exhibit M)

30. On October 6, 2014, ORLAND PARK PUBLIC LIBRARY produced redacted records, hiding information on the basis of “private information” under FOIA Section 7(1)(b) and the deliberative process under FOIA Section 7(1)(f). (Exhibit N)

31. Among the redactions in the October 6 production appear to be the names of the conference presenters and notes taken by employees at the conference that did not involve the expression of opinion in connection with a policy decision. As such, many of the redactions are not justified by the asserted exemptions.

32. On September 9, 2014, DUJAN requested from ORLAND PARK PUBLIC LIBRARY more detailed information from ORLAND PARK PUBLIC LIBRARY’s Facebook account that would show users whom ORLAND PARK PUBLIC LIBRARY banned from posting comments on its Facebook page, among other things. (Exhibit O)

33. At ORLAND PARK PUBLIC LIBRARY’s request, DUJAN granted ORLAND PARK PUBLIC LIBRARY an extension until September 25, 2014, to respond to outstanding requests but asked that the records responsive to the September 9 request be produced more quickly because of news stories FOX and DUJAN planned to run. (Exhibit P)

34. On October 8, 2014, ORLAND PARK PUBLIC LIBRARY finally responded to the September 9 request, claiming without explanation that “no public records responsive to this request” exist for much of the requested information. (Exhibit Q)

COUNT I – ORLAND PARK PUBLIC LIBRARY’S WILLFUL VIOLATION OF FOIA

35. The above paragraphs are incorporated by reference.

36. ORLAND PARK PUBLIC LIBRARY is a public body under FOIA.

37. The records sought in FOX’s and DUJAN’s FOIA requests are non-exempt public records of ORLAND PARK PUBLIC LIBRARY.

38. ORLAND PARK PUBLIC LIBRARY has willfully and intentionally violated FOIA by failing to produce the requested records with no plausible legal justification and, upon information and belief, because FOX and DUJAN have been openly critical of ORLAND PARK PUBLIC LIBRARY.

WHEREFORE, FOX and DUJAN ask that the Court:

- i. in accordance with FOIA Section 11(f), afford this case precedence on the Court's docket except as to causes the Court considers to be of greater importance, assign this case for hearing and trial at the earliest practicable date, and expedite this case in every way;
- ii. declare that ORLAND PARK PUBLIC LIBRARY has violated FOIA;
- iii. order ORLAND PARK PUBLIC LIBRARY to produce the requested records;
- iv. enjoin ORLAND PARK PUBLIC LIBRARY from withholding non-exempt public records under FOIA;
- v. find that ORLAND PARK PUBLIC LIBRARY has willfully and intentionally violated FOIA and responded in bad faith;
- vi. order ORLAND PARK PUBLIC LIBRARY to pay between \$2500 and \$5000 for each willful and intentional FOIA violation and each act of bad faith;
- vii. award FOX and DUJAN reasonable attorneys' fees and costs;
- viii. award such other relief the court considers appropriate.

RESPECTFULLY SUBMITTED,

Attorneys for Plaintiffs

FOIA #Griffindor46 (browser histories of staff 7/24/14)

Story Time <storytimewithmeganfox@gmail.com>

Thu, Jul 24, 2014 at 12:29 PM

To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>

Dear Robin and Scott,

I hope this FOIA request finds you two well. As you know, I am a member of the media **making** a noncommercial request related to the computers used by the Orland Park Public Library employees. I **require** electronic production of documents to my attention at this email address using the code #Griffindor46 in your **response**. You have five business days to respond to me, meaning your response is due 7/31/14. Please produce the following:

1. The browser histories for the below listed employees that are current as to at least the **writing** and receipt of this FOIA request but as current as possible up to the time you are printing them to PDF and **preparing** them for delivery to me. A "browser history" is a document created in each computer or mobile device that **records** a list of the websites that the computer or mobile device has accessed recently. Every computer and mobile **device** has a browser history and these can easily be printed to PDF as a report. There is no way to stop a computer or mobile device from maintaining a browser history report and it is illegal for the OPPL to destroy the browser **histories** of its employees' computers as those are records created in the process of government activities. So please produce these browser histories for computers and mobile devices assigned to or commonly used by:

- (a) Mary Weimar
- (b) Bridget Bittman
- (c) Robin Wagner
- (d) Scott Remmenga
- (e) Andrew Masura
- (f) Kelly Cuci
- (g) Your Maintenance Supervisor (don't know his name but he makes \$100,000/year)
- (h) Dana Pryor
- (i) Joy McFadden

2. Please print out a list of files and all of their subfolders and subfiles for the computer **used** by Bridget Bittman or otherwise assigned to her and similar lists of files for any mobile devices assigned to or **used** by Bridget Bittman. I know you are going to try to say you don't understand what I am looking for, so this paragraph is my attempt to explain this to you in as much detail as possible. I am looking to see everything that Bittman **has on** her computer or on these mobile devices. I want to see the names of every folder on the computer and then every **subfolder** in those folders down to every single file she has on her computer or on the mobile devices. Additionally, if Bittman is using an offsite server storage system such as Google Drive or DropBox or something like that to **hide files** in places she thinks the public cannot look then I want printouts of those as well. These documents exist in her **computer** electronically and can be given to me through the use of screen grab, which makes a copy of her screen **at the time** of screen grab. You can also print out a complete list of all the files on her computer. I learned this because of **all the stuff** about the IRS and Lois Lerner in the news and how computers have all these reports and records for **what is** stored on the computers and how the computers are used. So I want to know the name of every folder and every file on Bridget Bittman's computer and any other device that Bridget Bittman uses regularly. I am aware of her having a computer at her desk, an iPad, and some other kind of smaller mobile device I have seen her **with in the** Library. I want to know everything that is on each of those devices.

3. Similar to the above (#2) please do the same for Mary Weimar's computer and all devices used by Mary Weimar.

4. Similar to #2 and #3 above, please do the same for all Kelly Cuci's computer and all devices used by Kelly Cuci.

I give you the opportunity to contact me if this is not clear enough, in terms of the browser histories and the contents of the Bittman, Weimar, and Cuci computers. If you do not tell me that you don't understand **what** I am looking for upon receipt of this FOIA request then I will assume you understand me. You have five business days to produce these records. I believe it will take you about 2 hours total work time to produce everything I have asked for and expect your

response to me electronically by no later than 7/31/14.

Thank you,

FOIA Request Reference #Griffindor 81 (regarding recording from August 12, 2014)

Story Time <storytimewithmeganfox@gmail.com>

Tue, Aug 12, 2014 at 4:29 PM

To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>

Dear Robin and Scott,

It was nice to see you today. Please consider this a FOIA Request for non commercial purposes for a member of the media to be returned within five (5) business days electronically to this address.

1. Please provide any video footage taken by the Library at today's meeting on August 12, 2014.
2. Please provide the handwritten notes taken by Mary Weimar during the meeting. Please note that there is clear video of her writing on pieces of paper throughout the meeting. I know these notes exist. I also can clearly see in the video that she was erasing some of the things as she wrote. So as you produce these notes please do so so that I can clearly see what it was she was trying to erase. As a mom, my children often use pencils just as Mary Weimar used a pencil during this meeting and even though they erase things on paper I can still clearly see what they had written before. Your copies of these notes must show what Mary had been furiously erasing during the time that I was delivering my public comment remarks.
3. Please provide all the research you've done related to security. Mary Weimar referenced conducting research and pulling together other documents regarding what other libraries do for security. Please produce that research.
4. All the documents and research that Mary Weimar claimed she did about the salaries at other libraries. Mary listed off other libraries and what they pay their staff and in particular IT staff. Please provide all Weimar's documents relating to that research.

Thank you,

Megan Fox

Dear Mrs. Fox:

In response to your August 12, 2014, Freedom of Information Act Request, please find enclosed the documents requested. The Orland Park Public Library has included all existing documents relevant to your inquiries except those exempt from production as provided by law:

1. Please provide any video footage taken by the Library at today's meeting on August 12, 2014.

Response: Copies of the requested video records have been put on a DVD and have been mailed today (08/19/14) via U.S. Mail as they are too large to send through email.

2. Please provide the handwritten notes taken by Mary Weimar during the meeting.

Response: Section 7(1)(f) of the FOIA act exempts from inspection and copying "preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated." The Section 7(1)(f) exemption applies to predecisional materials used by a public body in its deliberative process. The exemption is intended to protect the communication process and encourage frank and open discussion before a decision is made.

3. Please provide all the research you've done related to security. Mary Weimar referenced conducting research and pulling together other documents regarding what other libraries do for security. Please produce that research.

Response: Section 7(1)(f) of the FOIA act exempts from inspection and copying "preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated." FOIA #Slytherin101 (OMA violation on 7/23/14)

Story Time <storytimewithmeganfox@gmail.com>

Wed, Aug 13, 2014 at 1:07 PM

To: Scott Remmenga <sremmenga@orlandparklibrary.org>, Robin Wagner <rwagner@orlandparklibrary.org>, bgierach@orlandparklibrary.org, "nhealy@orlandparklibrary.org" <nhealy@orlandparklibrary.org>

Dear Robin and Scott,

Please accept this FOIA as a noncommercial request from a member of the media investigating wrongdoing that appears to have occurred on 7/23/14, when a majority of a quorum of OPPL-BoT members (led by Beth Gierach) appear to have met at 1000am at the OPPL in Room 105 to discuss Library business without this being an open public meeting as required under the OMA.

I discovered this happened by looking through emails that Beth Gierach, Mary Weimar, and Nancy Healy exchanged in July 2014 regarding holding a secret "planning session" in advance of the August 12th, 2014 "Personnel Committee" meeting. The "planning session" appears to have been the idea of Beth Gierach (a woman who has never even properly been appointed to the Board since her appointment has never been properly placed on an OPPL-BoT meeting agenda) as a way of meeting secretly in advance of the Personnel Committee meeting in August to discuss ahead of time what they were going to discuss at the open public meeting on 8/12/14. I do not believe the OMA allows for such conduct, where a majority of a quorum of Board Members meets ahead of time to talk about what they are going to talk about at an upcoming meeting.

See the screen grabs I have attached of emails showing that this happened.

Produce all documents responsive to this FOIA request to me at this email address and note Project Code #Slytherin101 in your response.

1. Produce all notes taken by the participants or anyone else present for the July 23rd, 2014 meeting referenced in the attached emails.
2. Produce all documents the participants of the July 23rd, 2014 meeting used during the meeting or were given in advance of this "planning session" meeting.
3. Produce all documents that the participants of the August 12th, 2014 Personnel Committee meeting were given in advance of that meeting and all documents they used and referred to during the meeting. If you look further in the emails that included the ones that show Beth Gierach planned this "planning session", there are emails where Scott Remmenga refers to preparing and giving documents to the Personnel Committee members prior to the 8/12/14 meeting. He did not call them a Board Packet, but he described them as if they were a Board Packet for that upcoming August 12th meeting. Produce those documents.
4. Produce any documents sent to Board Members after the August 12th Personnel Committee meeting relating the activities of the Personnel Committee meeting.
5. Produce any documents that identify by name the man who was filming the August 12th, 2014 Personnel Committee meeting. This was a heavy-set man with grayish hair dressed sloppily with a very expensive looking camera that had a very large microphone on it. Who was that man? What was his name? He was inside the room already set up well before Megan Fox and I arrived for the 8/12/14 meeting at 915am. If he was an OPPL employee, please produce his employee file. If he was not an OPPL employee, please produce any correspondence with him or his employer that identifies his name and/or states that he will be filming the Personnel Committee meeting.

Thanks Robin and Scott!

Subject: Personnel Committee meeting

Dear Nancy and Mary,

I've heard that the July 21st meeting is canceled. If that is the case, it makes sense to me that we continue the budget planning process by convening the Personnel Committee and discussing staffing and salaries as they relate to budget and the strategic plan. If you agree, I would like the four of us to meet and carefully plan the committee meeting so that the result is an articulate and unified recommendation to the full board. Please let me know when the planning meeting and full committee meeting should be held. Of course all Trustees should be invited to the latter as a courtesy.

Also, I noticed there is not an update to the OPPL website announcing the July meeting cancelation. I hope that can be done as soon as all Trustees have been notified. There should also be a sign posted about the cancelation in the same place where the regular postings are.

Thank you for your consideration of my suggestions. I look forward to hearing from you.

Dear Mr. DuJan:

In response to your August 13, 2014, #2 Freedom of Information Act Request, please find enclosed the documents requested. The Orland Park Public Library has included all existing documents relevant to your inquiries except those exempt from production as provided by law:

1. Produce all notes taken by participants or anyone else present for the July 23rd, 2014 meeting referenced in the attached emails.

Response: Section 7(1)(f) exempts from inspection and copying "preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated." The Section 7(1)(f) exemption applies to predecisional materials used by a public body in its deliberative process. The exemption is intended to protect the communications process and encourage frank and open discussion before a decision is made.

2. Produce all documents the participants of the July 23rd, 2014 meeting used during the meeting or were given in advance of this "planning session" meeting.

Response: A copy of the requested public records is enclosed.

3. Produce all documents that the participants of the August 12th, 2014 Personnel Committee meeting were given in advance of that meeting and all documents they used and referred to during the meeting.

Response: A copy of the requested public records is enclosed.

4. Produce the documents sent to Board Members after the August 12th Personnel Committee meeting relating the activities of the Personnel Committee meeting.

Response: A copy of the requested public records is enclosed.

5. Produce any documents that identify by name the man who was filming the August 12th, 2014 Personnel Committee meeting.

Response: Enclosed are the public records responsive to your request. Please be advised that certain information contained within the public records has been redacted pursuant to 5 ILCS 140/7(1)(c) which exempts from inspection and copying personal information contained within public records, the disclosure of which would constitute a clearly

unwarranted invasion of personal privacy, unless disclosure is consented to in writing by the individual subjects of the information. In addition, some of the information contained within those records is exempt pursuant to 5 ILCS 140/7(1)(b) which exempts private information.

If your request for public records has been denied in full or in part, you have a right to have the denial of your request reviewed by the Public Access Counselor (PAC) at the Office of the Illinois Attorney General. 5 ILCS 140/9.5(a). You can file your Request for Review with the PAC by writing to:

Public Access Counselor
Office of the Attorney General
500 South 2nd Street
Springfield, Illinois 62706
Fax: 217-782-1396
E-mail: publicaccess@atg.state.il.us

You also have the right to seek judicial review of your denial by filing a lawsuit in the State circuit court. 5 ILCS 140/11.

If you choose to file a Request for Review with the PAC, you must do so within sixty (60) calendar days of the date of this denial letter. 5 ILCS 140/9.5(a). Please note that you must include a copy of your original FOIA request and this denial letter when filing a Request for Review with the PAC.

2014-8-29 FOIA Request #Slytherin106 (about Belle Botanicals JPEGs Bridget sent herself to possibly print out at taxpayer expense)

Fri, Aug 29, 2014 at 10:12 PM

To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>, "nhealy@orlandparklibrary.org" <nhealy@orlandparklibrary.org>, bgierach@orlandparklibrary.org, clebert@orlandparklibrary.org, Dan Drew <DDrew@orlandparklibrary.org>, askoppl@orlandparklibrary.org, jcraig@orlandparklibrary.org

Dear Robin and Scott (and OPPL-BoT members copied on this, as it could potentially involve wrongdoing by an employee),

This is a media request for electronic documents for noncommercial purposes. You have five days to comply with this request. Please submit all documents to me at this email address, to my attention, noting project code #Slytherin106 in your response for ease of locating your submission.

Background: in a recent FOIA production, several emails that Bridget Bittman sent herself from her email address of "BBittman@BelleBotanicals.com" to her Orland Park Public Library email address of "BBittman@OrlandParkLibrary.org" appear to have included client development and order planning related to her flower-arranging side business (Belle Botanicals) that she was doing during paid work hours at the Library; this would mean that Bittman was being paid by taxpayers to be the spokesman/crisis manager/whatever for the OPPL but she was instead using work resources to further the business interests of "Belle Botanicals". This should concern the OPPL-BoT, as such activities by a public employee would constitute fraud in some interpretations of the law (as she was collecting a public check during times when she was instead working on Belle Botanicals endeavors). It is my understanding that government employees cannot conduct their side-businesses using taxpayer-provided email addresses or other taxpayer-funded resources and that in the City of Chicago, at least, such violations of this protocol result in immediate termination of the offenders. We need to get to the bottom of what is happening here.

Part of the FOIA production involving such emails from Bittman-to-Bittman via different email addresses includes the following snippets, taken from emails sent on 5/16/14 (this was a Friday during the morning when work for the day had already started). These emails were produced blank in the FOIA packet... only noting that Bittman had sent JPEGs from her BelleBotanicals email address to her OPPL email address. The JPEGs themselves were not produced in the FOIA response we received.

I believe these JPEGs were deliberately omitted by Robin Wagner and Scott Remmenga in hopes that we would not notice and would, thus, miss the importance of their production.

I wonder if Bittman emailed herself Belle Botanicals-related materials that she intended to print at the OPPL, using the color printers or other resources of the Library to print posters, flyers, handouts, or other promotional materials for the Belle Botanicals side business. I was told on 8/29/14 by an employee of the OPPL that Bittman does this all the time, and is "always" using the printers in the OPPL to run off materials for her side business, Belle Botanicals. If Bittman really does do this, then that would possibly be fraud and misappropriation of government resources, as taxpayers in Illinois should not be paying to subsidize printing and promotional materials for Bridget Bittman's flower arranging side business. Apparently, Bittman had a big event of some kind over Labor Day weekend promoting Belle Botanicals and I was told another flurry of Belle Botanicals-related printing happened at the OPPL yesterday and today (as no one was watching, since it was Labor Day weekend and administration and management had zoned out). Is this true? Did this happen?

I require the following document production from you, electronically, within five business days:

1. Produce the JPEGs that Bridget Bittman sent herself and received from herself on 5/16/14 that were listed as "photo 1.JPG", "photo2.JPG", "photo3.JPG", "photo4.JPG", and "photo5.JPG" in the attached snippet from the recent

EXHIBIT G

FOIA production.

2. Produce the JPEG that Bridget Bittman sent herself and received from herself on 5/16/14 that was noted as "Photo.JPG" in the second attached snippet. NOTE: this is different from the first snippet, and was sent at another time on 5/16/14 in addition to that first email sent from BelleBotanicals.com to Bittman's OPPL email address.
3. Produce all emails that Bridget Bittman received from the BelleBotanicals.com email address or any email address that is connected to BelleBotanicals.com from the start of Bittman's employment to the present (8/29/14). Also include all emails that Bittman sent or forwarded herself from her OPPL email address to any address related to BelleBotanicals and any emails she forwarded from either her BelleBotanicals address or her OPPL email address. I am looking for everything that Bittman was sending, forwarding, or copying-on (including BCC-ing) between Belle Botanicals accounts and her taxpayer-provided OPPL account. I was told by an OPPL employee today to ask for emails at the BelleBotanicals address other than "BBittman@BelleBotanicals" because Bittman has a second or a third "BelleBotanicals" email address that she uses to send herself things to print out at work for her flower-arranging side business. My contact in the OPPL did not know the exact email addresses she uses, however.
4. Produce an accounting of all files and folders on Bridget Bittman's work computer and any mobile devices, tablets, or other electronic devices that she uses at the OPPL. I am looking for a printout of everything on her desktop, every folder and subfolder, and every file in each of those folders and subfolders. This would be current to today, 8/29/14. I want to see if Bittman is using her work devices to create materials or to print materials from home for Belle Botanicals in the OPPL as I have been told that she is doing.
5. Produce every JPEG file, every Powerpoint or other presentation type of file, and every file for a flyer, newsletter, poster, banner or other type of promotional material on Bridget Bittman's computer or other device that Bridget Bittman uses as of 8/29/14. I want to see if Bittman is using her taxpayer-provided work equipment to further the advertising and promotional interests of her flower arranging side-business, Belle Botanicals.
6. Produce all Facebook messages sent or received by the OPPL in August 2014 as well as a printout of every Facebook user who has been banned from commenting or posting on Facebook by the OPPL. Please note that I can identify at least three people who have been banned from commenting or otherwise posting on your Facebook account for the OPPL and that Facebook shows an easy printout of all banned users in a simple tab in the Settings portion of the Facebook administrative window for each user. The list of banned users should have at least three names on it, as I can produce three affidavits from people who have been banned from commenting on the OPPL Facebook page.
7. Produce all materials related to "crisis management" or a "crisis management workshop" or any event related to "crisis" that the OPPL has received in the months June, July, and August 2014 and include any documents related to OPPL staff attending any events related to "crisis", "crisis management", or similarly themed workshops, training seminars, or events in the future.

Thank you for your prompt production of these materials and your assistance with the investigation into whether OPPL and taxpayer resources are being used to fund business development and promotion for "Belle Botanicals".

Dear Mr. DuJan:

In response to your August 29, 2014, Freedom of Information Act Request, please find enclosed the documents requested. The Orland Park Public Library has included all existing documents relevant to your inquiries except those exempt from production as provided by law as listed below.

1. Produce the JPEGs that Bridget Bittman sent herself and received from herself on 5/16/14 that were listed as "photo 1.JPG", "photo2.JPG", "photos3.JPG", "photo4. JPG", and "photo5.JPG" in the attached snippet from the recent FOIA production.

Response: A copy of the requested public records is enclosed.

2. Produce the JPEG that Bridget Bittman sent herself and received from herself on 5/16/14 that was noted as "Photo.JPG" in the second attached snippet.

Response: A copy of the requested public records is enclosed.

3. Produce all emails that Bridget Bittman received from the BelleBotanicals.com emails address or any email address that is connected to BelleBotanicals.com from the start of Bittman's employment to the present (8/29/14). Also include all email that Bittman sent or forwarded herself from her OPPL email address to any address related BelleBotanicals and any emails she forwarded from either her BelleBotanicals address or her OPPL email address.

Response: Responsive records for this request were previously provided to you in response to requests 1, 2, 4 and 5 in your FOIA dated 08-14-14. A copy of the requested public records is enclosed to include previously-provided emails with BCCs viewable.

Pursuant to 5 ILCS 140/7(1)(b) of FOIA, private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order, is redacted.

4. Produce an accounting of all files and folders on Bridget Bittman's work computer and any mobile devices, tablets, or other electronic devices that she uses at the OPPL.

Response: No public records exist responsive to this request.

EXHIBIT H

5. Produce every JPEG file, every Powerpoint or other presentation type of file, and every file for a flyer, newsletter, poster, banner or other type of promotional materials on Bridget Bittman's computer or other device that Bridget Bittman uses as of 8/29/14.

Response: This request calling for "every JPEG file, every Powerpoint or other presentation type of file, and every file for a flyer, newsletter, poster, banner or other type of promotional materials on Bridget Bittman's computer or other device that Bridget Bittman uses as of 8/29/14," has been determined to be unduly burdensome pursuant to Section 3(g) of the Freedom of Information Act, that there is no way to narrow your request and the burden on the Library outweighs the public interest in the information requested.

Your request, as it is currently written, would require the Orland Park Public Library to review 2,000-3,000 files to determine which are responsive to this request which would unduly burden the library's operations.

We hereby extend to you an opportunity to confer with Assistant Director Robin Wagner at rwagner@orlandparklibrary.org in an attempt to reduce your request to manageable proportions. Please inform us in writing if you are willing to do so.

6. Produce all Facebook messages sent or received by the OPPL in August 2014 as well as a printout of every Facebook user who has been banned from commenting or posting on Facebook by the OPPL.

Response: No public records exist responsive to Facebook messages sent or received by the OPPL in August 2014.

The Orland Park Public Library is denying the request for a printout of every Facebook user who has been banned from commenting or posting on Facebook by the OPPL pursuant to 5 ILCS 140/7(1)(c) which exempts from inspection and copying personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

7. Produce all materials related to "crisis management" or a "crisis management workshop" or any event related to "crisis" that the OPPL has received in the months of June, July, and August 2014 and include any documents related to the OPPL staff attending any events related to "crisis", "crisis management", or similarly themed workshops, training seminars, or events in the future.

Response: A copy of the requested public records is enclosed.

2014-8-30 FOIA Request #Griffindor94 (for copier hard drives)

Story Time <storytimewithmeganfox@gmail.com> Sat, Aug 30, 2014 at 1:59 PM
To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>
Bcc: Megan Fox <sparklyfox@gmail.com>, John Kraft <john@heirloomvideography.net>, Kirk Allen <Kirk@illinoisleaks.com>, Safe Libraries <SafeLibraries@gmail.com>

Dear Robin and Scott,

This is a FOIA request from a member of the media for electronic production of documents for noncommercial purposes. This is part of an investigation into wrongdoing in the Orland Park Public Library to determine if taxpayer-provided resources are being used to further the private business interests of OPPL employees. On information and believe, the OPPL's copiers/printers are potentially being used to print materials for side businesses owned by OPPL employees. If true, this would be a huge scandal and would be a newsworthy event.

Pursuant to this, please provide the following to me within five business days electronically to this email address, to my attention, using research project code #Griffindor94 in your response:

- (1) The hard drives for all copiers/printers used by the graphics department (or workers who could conceivably be called the "Graphics Department") to print flyers, posters, and other promotional material for the OPPL. At numerous Board Meetings, Mary Weimar, Diane Jennings, Robin Wagner, and others have referred to a "Graphics Department" or "Graphics" as a collection of employees working in the OPPL, possibly under or alongside the "Public Information Coordinator". The hard drives of these machines record every image sent to them to be printed or copied. Production of the hard drives will allow us to review everything the machines have been used for and inspect whether the machines were used to print materials for an outside business at taxpayer expense. The hard drives can easily be copied and produced electronically using a file share service such as DropBox or the FileShare system.
- (2) The hard drives for any other copiers/printers that Bridget Bittman uses on a regular basis and that are hooked up in any way to her computer. For instance, every computer has a display where you can see which printers/copiers the computer can print something to. On information and belief, Bridget Bittman has several choices to where she can send documents to print. Produce the hard drives for every one of these machines that Bridget can print to or has printed to since she began her employment with OPPL back in 2012.
- (3) The employee code of conduct or guidelines for the OPPL that covers situations where an employee is using OPPL resources to conduct activities for the benefit of a side business or using things like the OPPL's printers or copiers to run off promotional materials for a side business.

Thank you for your assistance with this. I estimate this FOIA request will take you about 3 hours to process.

2014-09-03 FOIA Request #Slytherin110 (videos from meetings in a usable format for YouTube)

Story Time <storytimewithmeganfox@gmail.com>

Wed, Sep 3, 2014 at 10:02 PM

To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>

Bcc: Matt Topic <matt@loevy.com>, Megan Fox <sparklyfox@gmail.com>, Safe Libraries <SafeLibraries@gmail.com>

Dear Robin and Scott,

This is a FOIA request from a member of the media for noncommercial purposes under 5 ILCS 140 requiring a response from you within five business days to this email address, to my attention, using Research Project Code #Slytherin110 in your response.

I am seeking usable footage of Board Meetings recorded by OPPL staff members or contractors that is given to us in a format that we at Story Time Digital Media can upload to YouTube for the public to be able to view. I will not accept footage that is burned to DVDs, which renders it impossible to upload to YouTube. I ask for all footage to be emailed to me using file-sharing services like DropBox (which is a free service); I have in the past sent and received footage up to 2 hours in length using DropBox. You could also upload the footage to YouTube and use that as a file-sharing service by uploading the footage, making it "Unlisted", and then sending me the link to the footage so that I can download it for myself using YouTube. There are probably a half dozen easily identifiable ways to send me the videos I am asking for in a format that is usable for my purposes of uploading your footage and making it available to the public free of charge as a public service via YouTube. Again, DVDs that have footage burned on them will not be accepted as DVDs cannot be uploaded to YouTube.

Please produce the following video footage in either ".MP4" format or ".MOV" format. It is my understanding that most Apple products (like an iPad) record in ".Mov" and most PC-based recording devices record in ".MP4". According to a computer expert I know, these are the two most common file formats around and you should have no trouble producing these formats to me and sending them electronically to this email address. I note here that you pay a lot of money each year to subcontract a company called RKW as IT consultants who should be able to help you fulfill this FOIA request to my specifications.

I require the following for my research and my project of putting all this footage online and making it available to the public as a digital news service:

1. The footage recorded by your staff member or contractor at the 8/18/14 August Board Meeting and any other footage recorded by OPPL staff or otherwise in your possession from that meeting. Please produce this footage in either .MP4 or .MOV format electronically and email it to me.
2. Any photographs taken during the 8/18/14 August Board meeting. Produce these in JPEG format.
3. The footage recorded by your staff or contractor at the 8/12/14 August Personnel Committee Meeting and any other footage in your possession from that day. Produce any photographs you have as well from that day. The video should be .MP4 or .MOV format and the photos should be in JPEG format.
4. The footage recorded by your staff or contractor(s) at the 6/21/14 June Board Meeting and any photographs taken that day. Produce this in either .MP4 or .MOV format. The video should be in .MP4 or .MOV format and the photos should be in JPEG format.
5. The footage recorded by your staff or contractor(s) at the 5/19/14 May Board Meeting and any photographs taken that day. Produce this in either .MP4 or .MOV format. The video should be in .MP4 or .MOV format and the photos should be in JPEG format.
6. The footage recorded by your staff or contractor(s) at the 4/21/14 April Board Meeting and any photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.

EXHIBIT K

7. The footage recorded by your staff or contractor(s) at the 3/17/14 March Board Meeting and any photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.
8. The footage recorded by your staff or contractor(s) at the 2/17/14 February Board Meeting and any photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.
9. The footage recorded by your staff or contractor(s) at the 2/12/14 Illegal Board Meeting you held in violation of the Open Meetings Act and any photos you took during that illegal meeting of the illegal actions you engaged in that day, illegally. The video of your illegal activities should be in .MP4 or .MOV format and any photos should be JPEGs so that everyone can see the illegal things you were up to that day.
10. The footage recorded by your staff or contractor(s) at the 1/20/14 January Board Meeting and any photos taken that day. The video should be in .MP4 or .MOV format and the photos should be JPEGs.
11. The footage recorded by your staff or contractor(s) at the 12/16/13 December Board Meeting and any photos taken that day. The video should be in .MP4 or .MOV format and the photos should be JPEGs.
12. The footage recorded by your staff or contractor(s) at the 11/18/13 November Monthly Board Meeting and any photos taken that day. The video should be in .MP4 or .MOV format and the pictures should be JPEGs.
13. The footage recorded by your staff or contractor(s) at the 11/04/13 November Special Meeting and any photos taken that day. The video should be in .MP4 or .MOV format and the pictures should be JPEGs.
14. The footage recorded by your staff or contractor(s) at the 10/04/13 October Board Meeting and any photos taken that day. The video should be in .MP4 or .MOV format and the pictures should be JPEGs.

Thank you for your assistance with this research and your help in my project to upload all of your video footage to YouTube as a public service that Story Time Digital Media is providing.

I expect this FOIA request will take you about 5 hours to complete, 2 hours if you ask RKW to help you with it (as they are computer experts and file-sharing ninjas, no doubt).

Have a blessed day,

12. The footage recorded by your staff or contractor(s) at the 11/18/13 November Board meeting and photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.

Response: No public records exist responsive to this request.

13. The footage recorded by your staff or contractor(s) at the 11/04/13 November Special Meeting and photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.

Response: No public records exist responsive to this request.

14. The footage recorded by your staff or contractor(s) at the 10/04/13 October Board meeting and photographs taken that day. Produce this in either .MP4 or .MOV format. The photos should be in JPEG format.

Response: You previously requested this footage in request #1, #2, and #3 in your FOIA request dated 10-24-13. We provided this footage on a flashdrive that was not picked up by you due to the fee of \$10 to recover the purchase of the flash drive. Communication detailing this will be attached to this FOIA response.

We are waiving this fee. The flash drive, created for you in October, 2013, has been mailed today (09/19/14) via U.S. Mail as the files are too large to send via email.

If your request for public records has been denied in full or in part, you have a right to have the denial of your request reviewed by the Public Access Counselor (PAC) at the Office of the Illinois Attorney General. 5 ILCS 140/9.5(a). You can file your Request for Review with the PAC by writing to:

Public Access Counselor
Office of the Attorney General
500 South 2nd Street
Springfield, Illinois 62706
Fax: 217-782-1396
E-mail: publicaccess@atg.state.il.us

You also have the right to seek judicial review of your denial by filing a lawsuit in the State circuit court. 5 ILCS 140/11.

2014-09-07 FOIA Request #Griffindor102 (about August 2014 meetings)

Story Time <storytimewithmeganfox@gmail.com>

Sun, Sep 7, 2014 at 8:42 PM

To: Robin Wagner <rwagner@orlandparklibrary.org>, Scott Remmenga <sremmenga@orlandparklibrary.org>

Dear Robin and Scott,

This is a media FOIA request. It is noncommercial. You have five days to respond. I want all documents produced electronically to me in PDF form, via the computer. This request pertains to events I learned about from the "Meetings & Continuing Education Tabulation Form" for August 2014.

I require the following:

1. All documents related to the event held on 8/1/14 at the Orland Park Civic Center known as "Taste of Orland". The form says that Kelly Cuci spent \$130.00 tasting Orland that day. Was it delicious? Produce all documents related to what Kelly Cuci was doing, what she was tasting, etc. on that day. It looks like Gina Korby, Leigh Twaragowski, Kitty Litter, Cathy DiGiorgio, and Jamie Kallio were there too, tasting things. Produce copies of all documents they received that day and all documents they gave to other people that day, in between tasting things. Include any photos or videos taken that day as well. For instance, if Kelly Cuci tasted a lemon and silly photo of her was taken while she was doing it, produce that. If Gina or Leigh tasted something spicy and made ridiculous faces afterwards, I want to see those photos. Whatever photos or videos were taken by OPPL staff at Taste of Orland, produce those.
2. All documents related to something called an "Unconference" at Dominican University on 8/7/14. This event was attended by Jamie Kallio, Becky McCormack, and Mary Adamowski. It cost \$45 per person to go to this event. Produce the handwritten notes the three attendees took (or typed notes if they used computers). Produce all documents that they received at the "Unconference" and any documents they brought to give to others. This includes but is not limited to the agenda and all handouts and other things that \$45 bought you per person. If the OPPL staffers gave a presentation that day, produce the presentation. Include any photos or videos they took that day too.
3. Produce the documents related to Becky McCormack attending something called Lapsit Leaders on 8/20/14. Include any handwritten or typed notes that Becky took during the conference and all materials given to her at the conference. This was held at Thomas Ford PL. Include any photos or video taken that day as well.

Thank you!

Dear Mrs. Fox:

In response to your September 7, 2014, Freedom of Information Act Request, please find the below the documents you requested. The Orland Park Public Library has included all existing documents relevant to your inquiries except those exempt from production as provided by law and listed below.

1. All documents related to the event held on 8/1/14 at the Orland Park Civic Center known as "Taste of Orland Park".

Response: A copy of the requested public records is enclosed. Pursuant to 5 ILCS 140/7(1)(b) of FOIA, private information, unless disclosure is required by another provision of this Act, a State or federal law or court order, has been redacted.

2. All documents related to something called an "Unconference" at Dominican University on 8/7/14. This event was attended by Jaimie Kallio, Becky McCormack and Mary Adamowski.

Response: A copy of the requested public records is enclosed. Pursuant to 5 ILCS 140/7(1)(b) of FOIA, private information, unless disclosure is required by another provision of this Act, a State or federal law or court order, has been redacted. Pursuant to 5 ILCS 140/7 (1)(f) of FOIA, preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body, has been redacted.

3. Produce the documents related to Becky McCormack attending something called Lapsit Leaders on 8/20/14.

Response: A copy of the requested public records is enclosed. Pursuant to 5 ILCS 140/7 (1)(f) of FOIA, preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body, has been redacted.

Idea Playground: Youth Services UnCon

Aug 07, 2014 09:00am - Aug 07, 2014 03:00pm
Event Type: Conference

Description

Illinois Library Association

DOMINICAN UNIVERSITY

Inspired minds. Amazing possibilities.

Graduate School of Library & Information Science

Innovation is not new to the library world. It's a concept that librarians have always embraced and welcomed. This August, Innovation in Youth Services will be examined and debated at ILA's first ever Youth Services Unconference.

Libraries are in a transformative period that is both invigorating and frightening. Many of us have instituted innovative solutions to better serve our customer's needs. The Youth Services Unconference is an opportunity for you to share and gather big ideas from your peers and perhaps develop a few solutions to problems. Come innovate with us!

Keynote presented by Monica Harris, Deputy Director at the Schaumburg Township District Library and adjunct instructor for the School of Library and Information Science at San Jose State University.

Closing remarks by Janice Del Negro, Associate Professor at Dominican University, published author, and storyteller.

Guest Moderators, attending via Skype:

Dear Robott (Robin and Scott),

This email constitutes a FOIA request from a member of the media for noncommercial purposes with your response due to me electronically in five business days, to this email address, to my attention, using Research Project Code #Slytherin120 in your response. I am researching the activity and settings for the OPPL's Facebook page, which I believe is maintained by Bridget Bittman for the OPPL. I believe the OPPL, a government body, is violating people's basic first amendment rights by censoring its Facebook page and blocking critics from posting comments.

For the purposes of this FOIA Request, Facebook on 09/09/14 has four main tabs that are viewable when the OPPL is logged into its Facebook page. These tabs are: Page, Activity, Insights, and Settings. I require you to produce the printouts of all of these pages as of 09/09/14. I will break this down into specifics below so that you produce everything I am looking for, page by page, and that you do not miss anything.

Please produce the following to me in PDF or screenshot JPEGs that have been turned into PDFs (it is not acceptable to leave some things cut off the screen and you must ensure that all information on the screen prints in a readable way to PDF so that I receive an accurate reflection of what appears on the screen when the OPPL views these pages on Facebook):

- (1) For the OPPL Facebook "Page" page, produce a printout of every post on the OPPL Facebook page made since August 2014 and include all comments left on the pages, including any comments that were hidden or deleted. Include the comments that were made by people who were blocked and any comments left by people whom the OPPL chose to hide their comments. NOTE: you must unhide the comments for each individual post and printout everything that the OPPL would see while operating its Facebook page that possibly the public cannot see when viewing the page.
- (2) For the OPPL "Activity" page, produce a printout of all the Notifications that the OPPL has received since 08/01/14. This is a list of activity, such as people commenting on things, sharing things, liking things, etc.
- (3) Also on the OPPL "Activity" page, there is a page for "Messages". Print out all the messages the OPPL received since 08/01/14 so that all messages can be read and no text is cut off from the message. This would be in "Inbox" under "Messages" on the "Activity" page.
- (4) Also on the OPPL "Activity" page, there are three other categories under "Messages" that are for "Other", "Archived", and "Spam". Please produce all items in the "Other", "Archived", and "Spam" subcategories in the "Messages" section of the "Activity" page.
- (5) The "Activity" page has another section called "Scheduled Posts". Please printout what the OPPL has in the "Scheduled Posts" section of the "Activity" page.
- (6) Turning to the "Insights" page, there are several sections that you need to printout. The first section under "Insights" is "Overview". Printout the "Overview" section of the OPPL's "Insights" page as it exists today.
- (7) The next section under "Insights" is a page called "Likes". Printout the "Likes" section of the "Insights" page as it exists today.
- (8) The next section under "Insights" is a section called "Reach". Printout the "Reach" section of the "Insights" page as it exists today.

EXHIBIT O

(9) The next section under "Insights" is a section called "Visits". Printout the "Visits" section of the "Insights" page as it exists today.

(10) The next section under "Insights" is a section called "Posts". Printout the "Posts" section of the "Insights" page as it exists today.

(11) Printout the "Top Posts from Pages You Watch" screen that is under "Posts" on the "Insights" page as it exists today.

(12) Now go to the "People" section under "Insights" and printout the "People" section as it exists today. There are three sub-tabs that need to each be clicked on separately and printed separately: Your Fans, People Reached, and People Engaged. Print all of these.

(13) Now move on to the "Settings" page. This one has a lot of sub-tabs and all must be printed. The first one is "General" and it gives a display of all the settings for the OPPL Facebook page. Print this screen so we can see what settings you have chosen as they exist today.

(14) The next sub-tab under "Settings" is for "Page Info". Print this page out so we can see the Page Info choices the OPPL has made.

(15) The next sub-tab is "Notifications" on the "Settings" page. Print out the Notifications page so we can see how the OPPL has setup its notifications as of today.

(16) The next sub-tab is "Page Roles" on the "Settings" page. Print out this page so we can see who the administrators and users are for the OPPL Facebook page and view who is running this page and who has access to it.

(17) The next sub-tab is for "APPS" on the "Settings" page. Print out the APPS page so we can see what APPS the OPPL is using on its Facebook page as of today.

(18) The next sub-tab is for "Suggested Edits" on the "Settings" page. Print out the SUGGESTED EDITS page to show us what edits Facebook has suggested you make.

(19) The next sub-tab is called "Featured" on the "Settings" page. I do not understand what this is for, but print it out anyway as it exists today.

(20) The next sub-tab is called "Mobile" on the "Settings" page. Print this out as it exists today.

(21) The next sub-tab is called "Banned Users" on the "Settings" page. Print this out and show all the people who have been banned from posting on the OPPL Facebook page. It is a list of Facebook users that displays a picture and the name of the user. Print this out as it exists today.

(22) The next sub-tab is called "Activity Log" on the "Settings" page. Print this out and show all activity going back to 10/03/13 and all activity from 10/03/13 to the present. You must scroll down on the page to keep showing older activity.

(23) Under "Settings" and then "Activity Log" there is an option called "Posts By Others". Click on that and then printout everything that appears from 10/03/13 to the present as a "Post by Others" on this "Posts by Others" sub tab of the Activity Log. Note: you will have to scroll down and keep scrolling down to display everything and it breaks things down by month. You need to go all the way back to October 2013 and show everything from then until the present.

(24) When you are in the "Settings" page, over to the right is a little section that says "This Week". The first item under "This Week" says "Page Likes" and there is a number. Click on the words "Page Likes" and a little box appears. This is a list of the people who "liked" the OPPL Facebook page this past week. But there is another little link that pops up in this area called "See All" which will display all the "Likes" that the page has received, not just the ones from this week. Please print out the list of all "Likes" that the OPPL Facebook page has received as of today.

I believe this is everything I can think of that I need for your Facebook page right now. If I think of more, I will send you another email with additional things. I know this is very detailed so if you have any questions, please let me know. I tried to go in order on Facebook the way they have it to make it easier for you to get everything and not miss a page.

In total, I want everything that you have displayed on any page, sub-page, sub-tab, or whatever on the OPPL Facebook page.

Thank you!

Request for additional extension Fox 9-2-14 FOIA request

Scott and Robin,

I speak for everyone here at Story Time Digital Media when I say that of course you can have a reasonable amount of extra time to complete the production of documents that we need. We value the service you provide to the public and feel that 9/25/14 is fine for a deadline for the 25 requests you have outstanding for DuJan, Fox, Haufaire, and Parker. We would however like to note below some items that we would like to have produced sooner because we need them for a publishing deadline.

Additionally, we'd like to ask you to please use our Research Project Code numbers when you respond to our FOIA requests. It makes things so much easier to find and keep track of. If you notice, we assign a Research Project Code to every FOIA request. These are labeled things like #Griffindor104 and #Slytherin120 or #Minerva19 or #RwD87 or whatever. Other public bodies put those codes of ours into their response emails and then it automatically goes to who it needs to go to on our staff and it can very easily be grouped into the other research for that particular news story or video that we need the research for. Since you choose not to include our Project Codes in your responses, it makes things harder for us on our end. You are the only public body that does not include our project codes in FOIA responses.

If we agree to give you more time then we'd like to ask you to agree to use our Project Codes that we provide you with each FOIA request.

Do you think we could have responses to #Slytherin120 and #Griffindor104 produced more quickly than 9/25/14? This is for Facebook materials (just a matter of you following along with the requests and printing out the contents of the OPPL Facebook pages and account setting) and for changes to your adult computer area. We need these for stories we want to run in the next few days, before 9/25/14. We would also like the video from last night's Board Meeting produced quickly so we can get the footage up on YouTube as soon as possible.

Thanks for your help Scott and thank you in advance for getting the responses to #Slytherin120 and #Griffindor104 to us quickly and you may have until 9/25/14 to produce the other outstanding materials.

Best,

Megan Fox

Dear Mr. DuJan:

In response to your September 9, 2014, Freedom of Information Act Request (#Slytherin120), please find enclosed the documents requested. The Orland Park Public Library has included all existing documents relevant to your inquiries except those exempt from production as provided by law.

1. For the OPPL Facebook "Page" page, produce a printout of every post on the OPPL Facebook page made since August 2014 and include all comments left on the pages, including any comments that were hidden or deleted. Include the comments that were made by people who were blocked and any comments left by people whom the OPPL chose to hide their comments.

Response: A copy of the requested public records is enclosed.

2. For the OPPL "Activity" page, produce a printout of all the Notifications that the OPPL has received since 08/01/14. This is a list of activity, such as people commenting on things, sharing things, liking things, etc.

Response: A copy of the requested public records is enclosed.

3. Also on the OPPL "Activity" page, there is a page for "Messages". Print out all the messages the OPPL received since 08/01/14 so that all messages can be read and no text is cut off from the message. This would be in "Inbox" under "Messages" on the "Activity" page.

Response: A copy of the requested public records is enclosed.

4. Also on the OPPL "Activity" page, there are three other categories under "Messages" that are for "Other", "Archived", and "Spam". Please produce all items in the "Other", "Archived", and "Spam" subcategories in the "Messages" section of the "Activity" page.

Response: A copy of the requested public records is enclosed.

5. The "Activity" page has another section called "Scheduled Posts". Please printout what the OPPL has in the "Scheduled Posts" section of the "Activity" page.

Response: A copy of the requested public records is enclosed.
