Low-income students come from families receiving public ail; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches. Lin ited English-proficient students are those students eligible for transitional bilingual programs. Mobility rate is based on the number of times students enroll in or have a schoolduring the schoolyear. Chronic truants are students who are absent from schoolw thout valid cause for 18 orm ore of the last 180 schooldays.

	-mail is a salidire di sur e					

**Due to the way Illinois schooldistricts are configured, state averages for equalized assessed valuation perpupiland total school tax rate per \$100 are not provided.

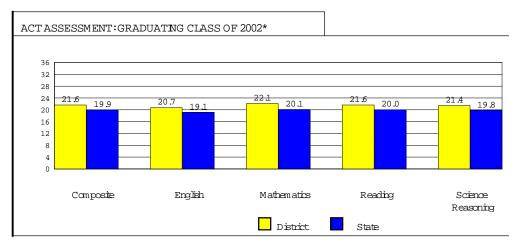

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Totalschooltax rate is a district's totaltax rate as it appears on boalproperty tax bills.

Instructional expenditure perpupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure perpupil includes the gross operating cost of a school district excluding summers chool, adulted wation, bond principal veticed, and capital expenditures.

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your district and the state. These performance measures include only those test scores for the grades and subjects included in your district.

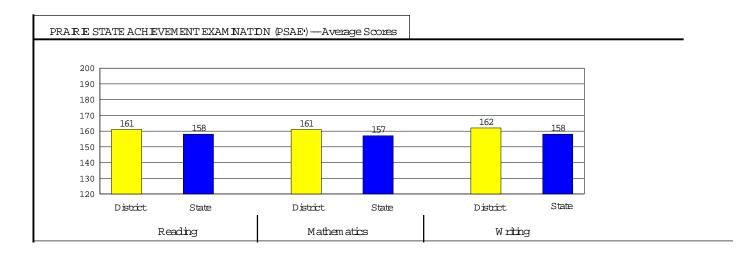

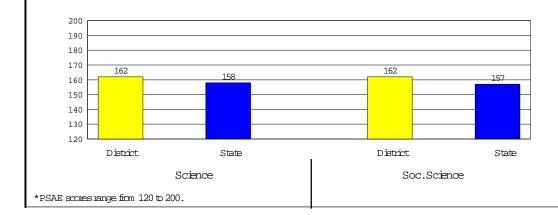

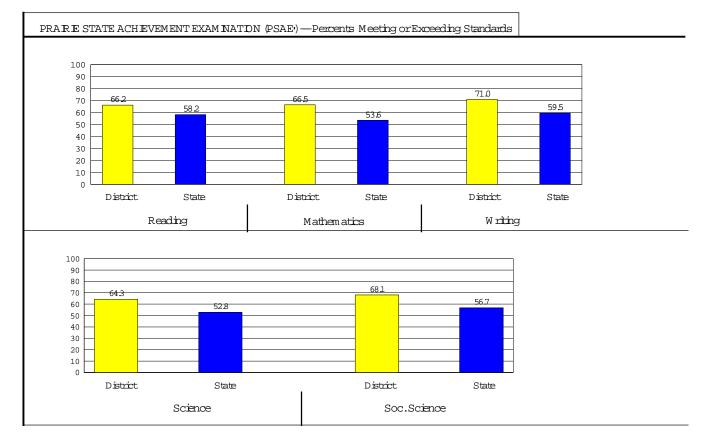

MAGE scores in the Expanding and Transitioning performance levels count the same, respectively, as scores on other state assessments that meet or exceed Standards.

TAA scores in the Progressing and Attaining perform ance levels count the same, respectively, as scores on other state assessments that meet or exceed Standards.

Federal hw requires that student achievem entresults for schools providing Title Iservices be reported to the general public. Schools with grade 2 as the highest grade in the school use a state-adopted test in reading and mathematics to meet this requirement.

The Illinois Standards Achievem ent Test (EAT) is administered to students in grades 3, 4, 5, 7, and 8. The Prairie State Achievem entExam ination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual G row th in English (MAGE) is administered to students in state-approved transitional bilingual program s. The Illinois Alternate Assessment (AA) is administered to students with disabilities whose Individualized Education Program s (EPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an EP or Section 504 Plan. An EP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act. A Section 504 Plan is developed to provide reasonable accomm odations for a child who meets the definition of a qualified person with a disability under Section 504 of the Rehabilitation Actof1973.

In order to protect students ' identifies, test data for groups of fewer than five students are not reported.

*Enrollmenton the first day of state testing.

PRARE STATE ACHEVEMENT EXAMINATION (PSAE)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

Levell — A cadem ic W aming -	Student work dem onstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
Level2 — Bebw Standards -	Studentwork dem onstrates basic know ledge and skills in the subject. However, because of gaps in learning, students apply know ledge and skills in limited ways.
Level3 —M eets Standards -	Student work dem onstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problem s.
Level4 — Exceeds Standards -	Student work dem onstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problem s and evaluate the results.
