That is where I am leaning. I was led to believe we had not had a raise for 3 years. Further the temp plan does not address merit and equity issues. Db

Why were we not told this before now! It's a pretty good record for the economy and enrollment patterns. It's probably not something to fall on the sword over given its cost.

No. I have been feeling good. Mike did tell me that one legislator we saw at dinner Thursday night got sick from that dinner and could not attend the hearing Friday. I can't remember what we had to eat beyond lunch outside Friday. I had a black bean vegi burger. I saw Lauren today and she did not say anything....so I think she was ok. Sorry you got hit with the bug....hope you are better now. db

OK. Did you get sick? I got extremely ill Friday night and could not travel until Sunday. Still very weak and haven't eaten since Friday except broth and crackers.
