Re: FOIA Request for Review - 2017 PAC 45817

Dear Mr. Kraft:

On January 8, 2017, you submitted the above-captioned Request for Review alleging that Lisle Community Unit School District 202 (District) violated the Freedom of Information Act (FOIA) by attaching a copyright notice to its response to your request. On January 11, 2017, an attorney in the Public Access Bureau discussed the matter by telephone with the District's Superintendent, Dr. Keith Filipiak, who then consulted with the District's Board of Education and subsequently confirmed that the District withdraws its assertion of a copyright restriction against dissemination of copies of public records obtained from the District pursuant to FOIA. Accordingly, your allegation has been resolved, and this file is now closed.

Please contact me at the Chicago address below, jjones@atg.state.il.us, or (312) 814-8413 if you have questions. Thank you.

Very truly yours,

JOSHUA M. JONES Supervising Attorney Public Access Bureau
