Synopsis As Introduced

Amends the Department of Financial and Professional Regulation Law of the Civil Administrative Code of Illinois. Requires the Department of Financial and Professional Regulation to consider certain mitigating factors and evidence of rehabilitation for certain applicants of licenses, certificates, and registrations. Requires the Department, upon denial of a license, certificate, or registration, to provide the applicant certain information concerning the denial. Provides that no application for licensure or registration shall be denied by reason of a finding of lack of good moral character when the finding is based solely upon the fact that the applicant has one or more previous convictions. Provides that the Department shall not require applicants to report certain criminal history information and the Department shall not consider the information. Provides that on May 1 of each year, the Department shall prepare, publicly announce, and publish certain statistical information. Amends the Criminal Identification Act. Includes applications for license, certification, and registration that must contain specific language which states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest and entities authorized to grant professional licenses, certifications, and registrations that may not ask if an applicant has had records expunged or sealed. Provides that certain sealed or impounded felony records shall not be disseminated in connection with an application for a professional or business license, except specified health care worker licenses. Effective immediately.

House Committee Amendment No. 3

Deletes reference to:

20 ILCS 2630/13

Translate Website

Replaces everything after the enacting clause with provisions of the introduced but with the romowing changes: In provisions amending the Department of Professional Regulation Law of the Civil Administrative Code of Illinois, includes licensing Acts administered by the Department of Financial and Professional Regulation in which convictions of certain enumerated offenses are a bar to licensure as an exception to the requirement that the Department consider mitigating factors and rehabilitation. Requires the Department, when examining certain factors, to determine whether a prior conviction will impair the ability of the applicant to engage in the practice for which a license, certificate, or registration is sought (rather than examining certain factors in determining whether to grant a license, certificate, or registration). Removes an affirmative obligation of the Department to demonstrate that a prior conviction would impair the ability of an applicant. Requires the Department to notify an applicant of a denial of a license or certificate or refuse to grant registration based upon a conviction or convictions, in whole or in part. Makes changes to the items that must be included in the notice. Makes changes to the information that the Department shall not require applicants to report. Changes various references of "new and renewal license, certificate, or registration" to "new license, certificate, or registration". Makes changes to information the Department must report. Restores a fee to be charged by the Department, but reduces the fee from \$200 to \$175. Makes changes to when the Department may consider an application to make disciplinary records confidential. In provisions amending the Criminal Identification Act, removes amendatory changes concerning entry of orders and the effect of expungement or sealing records. Provides that the entity authorized to grant a license, certification, or registration shall include in its application specific language stating that the applicants is not obligated to disclose sealed or expunged records of a conviction or arrest. Provides that if the inclusion of the specific language in an application is not practical, the entity shall publish the language on its website. Removes changes to provisions concerning retention and release of sealed records. Removes the immediate effective date.
