To Whom It May Concern

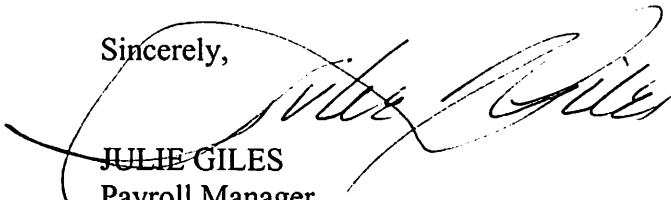

This is verification that RSB Aviation, Inc., is and has been a client of ours for several years. During that time, our relationship with RSB Aviation consisted of tax preparation and payroll services.

Part of payroll services includes maintaining the State Unemployment Account of each client for whom we provide payroll services.

Mr. Bogue, President of RSB Aviation, Inc., asked that I provide this document as assurance that we do maintain payroll services, including maintenance of the State Unemployment Account, for his corporation.

As he has requested, his corporate State Unemployment Account Number is 578041. His account is in good standing with the state.

Sincerely,

JULIE GILES
Payroll Manager
