Dear Mr. Allen & Mr. Kraft:

I represent the Ford Iroquois Public Health Department, Doug Corbett, administrator, and the Iroquois County Public Health Department.

On their behalf, we request that you immediately cease and desist from making further defamatory statements about them. Further statements will result in the filing of a lawsuit against both of you.

On March 18, 2013, you stated that there were potentially prosecutions planned with regard to my clients. You also stated there were "possibly future prosecution for numerous alleged criminal acts by public officials."

Your understanding of the relationship between the County Board and the Public Health Board, the legal requirements for the Board of Health to contract for merchandise or services, any quorum requirement of the Board of Health, and the nature of legitimate purchases by the Board of Health are totally faulty.

The number of people that you have involved in your unfounded assertions of criminal activity will result in a very large verdict against you.

I suggest you turn this letter over to your attorney for his advice regarding your activities involving the Ford Iroquois Board of Health.

Sincerely Yours,

Ronald E. Boyer
