Burnham & Flower

INSURANCE GROUP

You serve others. We serve you.

INTRODUCING Burnham & Flower Insurance Group

Homer J. Flower and Duane F Burnham founded the Burnham & Flower Insurance Group in 1966. The company was established primarily to provide retirement programs to Michigan Township Officials and Employees. Since then Burnham & Flower has evolved from one agency into six separate corporations serving over 2,600 municipalities in Michigan, Ohio, Indiana and Illinois. By our 40th anniversary in 2006, we had grown to be one of the largest municipal insurance organizations in the Midwest.

The company provides top-of-the-line products in categories such as Short- and Long-Term Disability, Life, Health, Dental, Vision, Retiree Benefits, Retirement Programs and Services, Property & Liability Insurance and Workers' Compensation, to name a few. What's more, the products BFIG represents are designed to be highly flexible to meet your unique and changing needs.

Burnham & Flower prides itself on providing clients the highest level of customer service and support. Our customers benefit from our experienced, specialized team of insurance professionals looking out for your best interests. This extensive team includes customer service representatives, company representatives and marketing personnel. In addition, we go the extra mile to help educate our customers and provide added support and service in areas such as employee relations, risk management and loss control.

For more information about Burnham & Flower, please contact us at 800.748.0554.

HCC Public Risk

HCC PUBLIC RISK RISK CONTROL SERVICES

The HCC Public Risk provides a variety of risk control services to its insured public entities throughout Michigan, Ohio, Indiana and Illinois. These services are provided by experienced risk control personnel located in each state who utilize proven risk control techniques and procedures. These techniques and procedures are continuously updated by conferring with HCC Public Risk appointed counsel and HCC Public Risk Claim Service, Inc.* Through these efforts, HCC Public Risk insureds are provided the most up to date information on statutes, case law and claims experience. These efforts are done as a service to HCC Public Risk insureds to help them avoid, reduce and/or transfer potential liability exposures.

Some of the risk control services provided to HCC Public Risk insureds include:

1. Risk Control Profiles;
 2. Risk Control Recommendations;
 3. Special Events and Contract Reviews;
 4. Resource Materials;
 5. Technical Assistance;
 6. Risk Control Seminars.
- **RISK CONTROL PROFILES** – The Risk Control Department has field representatives who visit and survey insured public entities to identify existing and/or potential liability exposures. While at the site, the field representative meets with officials and department heads to discuss and review the operations of the entity. The Risk Control Department field representative will survey and analyze any potential problem areas that exist within the entity. These issues will then be discussed with officials and department heads during the on-site survey.
- **RISK CONTROL RECOMMENDATIONS** – After the information is gathered during the Risk Control survey, letters of recommendation are developed and provided to the entity's officials and department heads. Often included with these recommendations is resource material to help the insured entity implement the recommendation(s). These efforts will help the insured entity manage their liability exposures.

- **SPECIAL EVENTS AND CONTRACT REVIEWS** – The Risk Control Department Representatives will review special event applications along with site plans to help insured entities identify potential liability exposures inherent with these types of events. Recommendations will then be made to help the HCC Public Risk insured manage these exposures. In addition, the Risk Control Department Representatives will review contractual language from a risk control perspective and provide suggestions to help reduce potential liability exposures. These suggestions can then be reviewed by the entity attorney before the contract is signed or revised.
- **RESOURCE MATERIAL** – The Risk Control Department has a large quantity of resource material available to assist public entities in developing sound risk control programs. Specific information is available to assist human resource departments, park and recreation departments, public works departments, emergency medical services, fire departments, jails and police departments. In addition, the department has sample manuals, risk control guidelines and model policies and procedures. The Risk Control Department Representatives continuously update and make available these resources for HCC Public Risk insureds.
- **TECHNICAL ASSISTANCE** – The Risk Control Department Representatives also provide assistance to HCC Public Risk insureds with liability related questions and issues. They are also available to meet with your safety committee to provide guidance and advice. The Risk Control Department Representatives are continuously trained and updated on the latest information that could potentially affect public entities. Their many years of experience, education and training are offered to HCC Public Risk insureds as a valuable service.
- **RISK CONTROL SEMINARS** - The Risk Control Department assists, sponsors and presents seminars to HCC Public Risk insureds. Some topics include:
 1. Sexual Harassment in the Workplace;
 2. Other Forms of Discrimination, including ADA and Whistleblowers;
 3. Law Enforcement Liability;
 4. Governmental Immunity.

Other seminars can be tailored to meet the needs of the public entity.

In conclusion, the HCC Public Risk Risk Control Department Representatives are available to provide risk control advice and guidance at *no additional cost* to HCC Public Risk insureds. If you have any questions in regards to any of the risk control services that are provided, please contact your local HCC Public Risk Risk Control Representative or the HCC Public Risk Risk Control Department.

** HCC Public Risk Claim Service, Inc. is a subsidiary of HCC Insurance Holdings, Inc. and is the claims administrator for the HCC Public Risk program. Information regarding HCC Public Risk and appointed counsel is on their web page at www.midwestclaims.com.*

***** Please Note — if these forms are not returned, it will delay the issuance of your policy. *****

**POLICYHOLDER DISCLOSURE
NOTICE OF TERRORISM INSURANCE COVERAGE**

You are hereby notified that under the Terrorism Risk Insurance Act, as amended, that you have a right to purchase insurance coverage for losses resulting from acts of terrorism, as defined in Section 102(1) of the Act: The term "act of terrorism" means any act that is certified by the Secretary of the Treasury-in concurrence with the Secretary of State, and the Attorney General of the United States-to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carrier or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. However, the actual coverage provided by your Policy for acts of terrorism, as is true for all coverages, is limited by terms, conditions, exclusions, limits, other provisions of your policy, any endorsements to the policy and generally applicable rules of law.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY REIMBURSES 85% OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A \$100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT, AS WELL AS INSURERS' LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN ANY ONE CALENDAR YEAR EXCEEDS \$100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED \$100 BILLION, YOUR COVERAGE MAY BE REDUCED.

ACCEPTANCE OR REJECTION OF TERRORISM INSURANCE COVERAGE

LISTED BELOW IS THE ADDITIONAL PREMIUM TO PURCHASE TERRORISM COVERAGE, WHICH IS IN ADDITION TO THE PREMIUM WE HAVE QUOTED OTHERWISE. AT THE TIME OF BINDING YOUR NEW OR RENEWAL COVERAGE, THE FOLLOWING STATEMENT MUST BE COMPLETED AND SIGNED BY THE POLICYHOLDER.

Re: City of Paris

Mike:

I don't understand why the City would want to restrict the Illinois Public Risk Fund to only quote the Work Comp for one agent. They write the Work Comp for virtually all of our Public Entity accounts in Illinois. They normally will cooperate and quote the same quote for all agents submitting applications in bidding situations. They have been long term the most stable and competitive mono-line Public Entity Work Comp market available in Illinois.

IPRF is unique in what they do, providing higher Employer Liability Limits, include volunteers and provide funds for safety equipment. We would likely decline to offer our package policy if we knew IPRF would not offer a quote for the Work Comp.

Is there some chance the individual that signed the letter did not understand it was limiting the market?

Hopefully this can be resolved.

Measure the *financial stability* of
public risk pools and you'll find...

There's Only One Illinois

Even though the difference between IPRF and other self-funded pools serving Illinois governmental entities has long been dramatic, the results from 2011 are unprecedented.

While other pools provide property/casualty and workers' compensation coverage, IPRF offers only workers' compensation coverage. Public entities that have been with IPRF since its founding in 1985 have shared in more than \$35 million in dividends and grants. Nearly \$25 million has been declared and paid to IPRF member entities in just the past 11 years.

Public Risk Fund!

Only IPRF Has Earned Demotech's
Highest Rating for Financial Stability

Demotech, Inc.

Since 1986, Demotech has analyzed the financial stability of self-funded entities and assigned Financial Stability Ratings® to virtually all self-funded entities, large and small. Based upon a review of the Illinois Public Risk Fund's audited financial statements, actuarial reports and related financial information for 2011 and discussions with representatives of the Illinois Public Risk Fund, *Demotech, Inc. has assigned IPRF its highest Financial Stability Rating® of AAA Unsurpassed.*

\$42 Million in Member's Equity at 12/31/11

In contrast to other self-funded risk pools that have exhausted their surplus in difficult market cycles, IPRF has added to its surplus year after year. With a current surplus of \$42 million and Demotech's

highest rating for financial stability, no other self-funded workers' compensation pool comes close.

250 Independent Agents on Our Team

While most self-funded risk pools market direct, IPRF cooperates with local, independent agents throughout the State of Illinois. This not only helps assure our members of timely, on-site service but IPRF is proud to have earned the trust of so many experienced insurance and risk management professionals.

Proven service, stability and value make IPRF the #1 source for public entity protection in Illinois.

Helping Hands Matching Grants

IPRF has funds available to match current IPRF member grants used to purchase approved safety products. While grants can be as high as 50% of the cost, available amounts and terms vary and the list of IPRF approved safety products is growing. For more information, contact IPRF or visit www.iprf.com.

The Illinois Public Risk Fund (IPRF) is a self-funded workers' compensation pool for public entities, established to provide a cost-effective alternative to escalating workers' compensation premiums and related costs.

By participating in IPRF, more than 500 public entities and governmental agencies have pooled their workers' compensation exposures and controlled costs through a unified loss prevention and claims management program.

With more than 25 years in the public entity market, performance, service and value have made IPRF Illinois' largest self-insured pool for workers' compensation coverage.
