Re: Professional Courtesy

It was brought to my attention that Mr. Dunn sent an e-mail to the members of the Board late last week reiterating his open door policy and commitment to serve you but also expressing frustration over the events of the May 9 meeting. This particular communication contained notes of sarcasm and tone that were not entirely appropriate.

Mr. Dunn perceived the resolution on last week's agenda to be an attack on himself as well as on me. When those same sentiments enter my mind, I have made a habit of "sleeping on it" before I write or say something I regret later. I have encouraged him to do the same and to make every effort to remain professional and civil in all correspondence to you. I am confident that he will do so and I am hopeful that we can resolve our differences going forward in a respectful manner.
