Re: Arcola Township

Dear Mr. Kraft:

My client has received your "request for information". I don't know how many times I have reiterate this but under the Act, we have to produce documents to you. Obviously, if there is a printout or a financial transaction history report that we have, we will produce it but we are not going to create any lists on the Comfort Station Fund or any other document. Each and every other document that we have that applies to your request will be produced.

Thank you very much for your attention to this matter.

Very truly yours,

Mark T. Petty
