Subject: Check Image Request(Non-FOIA)

Kirk,

I called and spoke with a Kara from First Farmers Bank in Paris about your verbal request for the check image of the Airport Committee bank account.

I explained that I was never on the signature card but since the account was opened with the County of Edgar's FEIN number, I, as Treasurer was making the request since I was custodian of other accounts under the FEIN.

Kara's response was that it takes a person on the signature card to get any documents/images, per bank policy/guidelines.

I thanked her and have not pursued further.

My opinion is I do not believe a resolution by the Board will assist in this matter because the Board was never involved with this account directly(unlike the Ambulance loan documentation).

I am not going to approach Jimmy or Chris to pursue this because I believe requesting this of them is beyond my authority.

Even though I am Treasurer, I have no authority over any committees or boards.

Thank you,

Don Wiseman, Treasurer
