Answer to item #5 of FOIA request dated 12/07/13 11:40 AM

To the best of my knowledge and research I have not been able to find anything indicating the Effingham County Sheriff's Office sold/ traded any weapons in the past five years with the exception of listed firearms in the answer to Question #3 of your FOIA request dated 12/04/13. I also found that when Lt Kevin Williams retired in November of 2010 his duty weapon, a Glock model 27 serial# CCL922 was presented to him, therefore ownership was transferred to him. There are two .22 caliber rifles that the Animal Control Department purchased and the County Board made them turn them over to the Effingham County Sheriffs Dept. These rifles are as listed. #1 Ruger 10/22 Serial; #823-54368 with 3-9X 40 scopes. #2 is a Marlin model 60 serial # 15500415. These two rifles are in the Department Armory as of the writing of this FOIA response but the County Board has indicated to me they would like them sold.

If you have any questions or need any clarifications please call me at 217-342-8462 and I would be glad to assist you any way I can

Thank You
