Mr. Allen,

Thank you for all of your emails, documents, and information. I am not at liberty to say whether or not there is an investigation.

Respectfully,

Subject: Illegal Gun Sales

Sgt. Lash,
Additional documentation from a recent FOIA to the Coles County Sheriff's office. First they told me they were GRANTED PERMISSION to sell/trade guns and when asked for documentation granting that permission they state the sheriff creates policy.

As you know, elected officials can't create policy in direct contradiction to state law.

The sheriff has been telling people that our efforts are political and mean nothing. As you can read in this article, this has nothing to do with politics and everything about compliance with the law and enforcement of the law.

We provided all the documentation on the illegal gun sales in that article

to our current sheriff, who in turn provided it to ISP and NOTHING was ever investigated.

Is the current information I have provided being investigated? If not, can you please provide me with a reason why not? I ask because I have been told zone 5 won't touch this matter, especially because it deals with a County Sheriff. I pray that is not the case and still believe we have a system of laws that are above the good old boy system and code of silence garbage we read so much about when it comes to law enforcement.

If this is being investigated is it possible to get a case number that has been assigned to it?

Thanks
Kirk Allen
