I understand IVY is a restaurant but was wanting the actual receipt for what was purchased.

Thanks
Kirk

I will need to check with Accounts Payable on the bed bath @ beyond receipt. The IVY receipt is a restaurant.

Can you please re-scan the bed bath & beyond receipt as its not readable?

Also the IVY receipt provided is not a receipt that shows what was purchased. It is only a transaction record for the credit card. Please provide the receipt reflective of what was purchased.

Thanks
Kirk Allen
