PAC,

Please consider this an allegation of an Open Meetings Act violation of the Marshall City Council.

Public body: Marshall City Council

Date of allegation: November 10, 2014

Statement of facts:

The Marshall City Council took action on an item that was not listed on the agenda with enough specificity to provide the public with enough notice of the item to determine whether they wanted to show up to the meeting and speak on the subject.

It is item number 11 on their agenda and states "Consider and take action on a Mayoral Appointment".

It does not mention who or what position an appointment will be made.

Thanks,  
John Kraft
