MEMORANDUM

Gentlemen:

720 ILCS 5/24-6 sets forth the protocol for the handling of confiscated weapons. Law Enforcement may with court permission destroy weapons, use the weapons for Departmental use, or tender the weapons to Illinois State Police. The court in People v. Kleefman, 90 Ill.App.3d 1,412 N.E.2d 1057, 45 Ill.Dec. 475 (1980), specifically held "sales of such weapons are unauthorized."

While prior sales might well have been for raising revenue to be reinvested into the Departments and under authority of a court order allowing disposition pursuant to Department authority, it exceeds the authority granted by state statute.

The sale of weapons by Departments, in my opinion, exceeds the authority granted by statutes.

To the extent that firearms are being sold by Departments it is my request and suggestion that it cease and that Departments discuss this issue with your corporate council.

If you have any questions, please contact me.

Very truly yours,

BRIAN L. BOWER
