Subject: MAUTINO RESPONDED

All,

Please see AG Mautino's response below. He also called my office and spoke directly with me. He was professional and appreciative of the way we are handling this. He is asking for more time and that is something that I think is reasonable and agreeable. However, I am not inclined to support an open-ended request such as he submitted. What is the consensus on how to move forward? Do we send a return letter thanking him for his response but we request this be cleared up within XX days? I'm also not inclined to have a presser on Thursday but more than willing to hear what suggestions others have.

Tomorrow is going to be a goofy day. Do we still want to meet right after session?

Responses are welcomed!!

Thanks,
Grant
