Re: Letter dated February 1, 2016

Dear Representative Wehrli:

I am writing to give you an update on my response to your letter dated February 1, 2016. I have been attempting to respond by the deadline set in your letter but will need more time. No one wants to clear up this matter more quickly than I do. Even prior to receiving your letter, I have been working to review and respond to media requests about my political committee's use and disclosure of campaign funds. I have been gathering, reviewing and organizing documents and am continuing to do so. I intend to respond to your inquiry promptly after I can confirm all relevant documents have been retrieved and made a part of my response.

I appreciate your considerations and will diligently continue to work with you and the other the State Representatives who signed on to your letter.

Sincerely,

Frank J. Mautino
