Josh, on 9/22/2015, you came to my office and met with Officer Loren LaMar and myself regarding some concerns you had. These concerns were allegations of wrong doing against the Village of Stanford and the Allin Township Fire Department. I summarized your concerns and on 9/29/2015, I sent them to Sheriff Jon Sandage and States Attorney Jason Chambers for their review and advice.

Sheriff Sandage responded that his office would not initiate an investigation on any of these concerns. He felt most were business law violations and would not be investigated by a Law Enforcement agency.

On November 7, 2015 I received a response from States Attorney Jason Chambers. Jason advised that while there are items on your list which could be illegal or inappropriate, he does not believe the States Attorney's Office has the jurisdiction to prosecute any of them. Most fall under the IRS or Illinois Department of Labor. Some may be the Attorney General. There was one matter that the States Attorney may have had jurisdiction on, but it occurred in 2008 and the statute of limitations expired in 2011.

Thanks,
Ed
