Scott,

Do we have a current ordinance that allows us to bill out of district residents for services, Haz-Mat, arson, tech rescue, ect.?

Thanks Josh

Not that I am aware of but I also thought that there was a state law or statute to cover it??? If you find a sample ordinance we can make changes and adopt without attorney fees.

Let me know

Scott

Scott,

There is a state law allowing fire protection districts to charge the set amounts, however from what I understand the fire protection district also has to pass an ordinance. I have found one that has been written recently by Jim Sinclair. I will work on getting it redone (6) pages for the trustee meeting next Wednesday.
