PAC,

Please consider this my response to the City of Carlinville's response to this Request for Review.

The city has acknowledged that both Aldermen Beth Toon and Cindy Campbell were present and did speak about public business.

Contrary to Attorney Bertinetti's claim that Carlinville Mayor Demuzio was in attendance, but never spoke, I invite you to review the meeting video again, and you will see that she did speak and did participate in the meeting - at least 6 times. Once to hand a private email to Carlinville's representative (discussing public business) and other times for various reasons - all of which include discussion of public business of Carlinville.

- 1:04:15
- 1:05:24
- 1:07:37
- 1:07:55 thru 1:08:15
- 1:29:45
- 1:35:38

There are probably more, these are the ones I noticed.

A majority of a quorum of the City Council of the City of Carlinville were present AND were discussing the public business of the City of Carlinville.

Thanks,
John Kraft
