Mt. Pulaski City Council
113 S. Lafayette Street
Mt, Pulaski, Illinois 62548

Members of the Council,

When I decided to run for Mayor of Mt. Pulaski, I had one goal in mind, make the city a better place to reside.

With the allegations being made toward me, although I don't agree, for the best interest of the City Government to conduct the public's business I tender my resignation to take effect immediately with the following stipulation, no legal action on the allegations being leveled at me.

I wish the new Mayor and the Committee Members nothing but success going forward and will miss working with all of you and the City Employees.

Again, best wishes for a positive future. Please call me if there is anything I can do to help ease the transition.

Regards,

James Cole
