2014 Ford Taurus Police Interceptor

LED Side Marker Lights

Whelen Siren / Light Control Box

INFORMATION ONLY // NO PC TO ARREST

On 07 JAN 16 at 1316 hrs, this black 2014 Ford Taurus Police Interceptor (IL REG# [REDACTED]) was observed parked in the open lot south of the AMC Theaters (7000 Carpenter Rd, Skokie, IL). The vehicle closely resembles an unmarked police car and had clear LED lights mounted in the front and rear windshields and on both front quarter panels. The vehicle also had a spotlight mounted to its driver side a-pillar and had passenger car plates which register to a private owner: [REDACTED] DOB: [REDACTED] in Chicago, and not to a police department or other government agency. Inside was also a Whelen brand siren / light control box mounted to the front center console and the vehicle's front doors were also labeled as having "Ballistic Panels."

A LEADS check of Saxton revealed that he was arrested on 23 JUL 07 by CPD for Illegal Use of Flashing, Oscillating, or Rotating Lights, and for DWLS. The i-Clear narrative for his arrest on that date stated that he had been driving a black Ford Crown Victoria outfitted with red flashing lights. Chicago PD 18th District officers stopped him near 5702 N. Milwaukee because his vehicle had matched the description of one associated with a police impersonator in that area at the time. [REDACTED] reportedly told CPD officers that he outfitted his vehicle with the flashing lights because he thought police cars "looked cool."

[REDACTED] vehicle was run by CPD on 31 DEC 15 and 02 JAN 16. It was also run by ISP-Springfield twice on 04 JAN 16.
