

Anna May Miller

My apologies for not being available this evening but I have a previous family commitment that prevents me from attending. Thank you to the League of Women Voters for providing this opportunity for candidates to introduce themselves to their voters.

My name is Anna May Miller. I am a thirty-six year resident of McHenry County. I am a wife , mother of three and a grandmother of six. I am a small business owner and currently I am employed by the Algonquin Township Road District.

When I initially ran for County Board I did so because I wanted to protect a way of life I had enjoyed while raising my family in McHenry County. Today, those same feelings have not changed and I feel even more strongly about the importance of a voice in decision making that will influence the future of our county. I am committed to ensuring McHenry County supports practical and effective transportation solutions, promotes a business environment that offers job opportunities while balancing the challenges of growth and environmental sustainability.

I feel that public service is a privilege and responsibility that I take very seriously.

During my tenure as a county board member I have had a wide exposure to a cross section of our county's population and their many concerns. I believe that my ability to listen

to these concerns and then share them with my colleagues is an important skill. I believe that I have learned to work within the system to prove myself a strong advocate for people.

Again, thank for this opportunity. If you have any questions please feel free to contact me by email, annamaymiller@hotmail.com or call me at my home at 847-639-5112.
