Hey Dad,

I have not reached out to her yet, I still keep going back and forth. I do not want too much information about the Grill becoming public just yet, but I also do not want to seem like we are trying to hide anything from the Board (because unfortunately I feel that that's the way it may be perceived).

I think I also feel at a disadvantage because I report to the Board, so when information is requested by a Board member I feel obligated to present it, even though in this case I really don't want to in the requested setting. Lori's initial request for information was pretty general and vague, you may now have a better idea of what she is really looking for now.

I talked to Randy about it tonight as well, he is ok with a really vague report for the public meeting with the understanding that a more detailed report will follow the meeting in longer.

To answer your question finally, you should feel free to reach out to Lori knowing that I have not spoken to her.

Love
Rachel
