1st Request

It has been brought to my attention that Edgar County's AR-911 (Oct 2016) that was filed with the State is incorrect. In reviewing this and comparing it to my copy, I see that it is incorrect. Our Beginning 9-1-1 Reserve Balance is blank on the form submitted to the state. On my copy ( the correct copy), it shows the Beginning Reserve Balance at \$842,251. I have no idea how this line blanked out when the report was submitted but it obviously is incorrect and shows wrong financial information. I am asking for help in correcting this please. My contact information is below. Thank you so much for you help with this, if this isn't the right place for me to ask for help, can you please direct me to the correct person or department.

Thank you,  
Nanette Crippes  
Edgar County 9-1-1 Director
