ORIGINAL			
<p>On Friday, June 29th at 1426 hours, I (Dep.Harper) was dispatched to 3702 Northwest Hwy., Algonquin Township for stolen records.</p> <p>Upon arrival, I spoke with Karen Lukasik. In summary Karen stated, somehow Edgar County Watch Blog has obtained records from the Algonquin Township. They have been blogging and posting the records on their blog site. The records missing are; time cards, training certificates from May 2017, equipment building funds and video's. The township supervisor Chuck Lutzo, had asked ex-employee Ryan Provenzano what he did with the files. Provenzano told Lutzo he downloaded the files to a scan disk and gave the disk to Highway Commissioner Andrew Gasser. Lukasik advised it is unknown how Edgar County Watch Blog have obtained the files. Lukasik requested a report to document the incident. Lukasik had also given me a copy of emails exchanged over missing records.</p> <p>I advised Lukasik the incident will be documented and forwarded to the States Attorney's Office. This incident is not the first report of missing records and is already being investigated by the States Attorney's Office. I cleared.</p>
