On [REDACTED] I returned Rachael Lawrence's phone call [REDACTED]

[REDACTED] I said hello back to her and she proceeded to apologize for believing what "they" told her especially Gasser. [REDACTED]

[REDACTED] I told her I truly believed the first few weeks I was going to go in and work with these people to the best of my ability and then found out quickly that Ryan Provenzano, Chuck Lutzow and Gasser were playing games. She told me they would move records on me and then talk about how they'd laugh about it. [REDACTED]
