June 9, 2020

City of Shelbyville, the Mayor and City Council  
Municipal Building  
170 East Main Street  
Shelbyville, Illinois 62565

Re. Construction Engineering (CE) Invoice; IHI Turbo Road Project  
Section 18-00061-00 RS

As approved by the City Council, services for the design for the above Referenced project is progressing. As a result, a progress payment for CE services is now due as follows:

Engineering Fee per article 1:		
\$688,447 x 9% x 95%	= \$58,862.18	
LESS previous payments	= (\$55,764.20)	
	<u>\$3098.02</u>	
Engineering Fee per article 2:		
Hammond & Reid Land Surveying LLC	<u>\$2310</u>	(pd by Shelby Engr)
<b>TOTAL Due</b>	<b>=</b>	<b>\$5408.02</b>

Please remit a check payable to "Shelby Engineering" for \$5408.02 to the address shown on this letter. The City Council has approved payment for these services from the West Business District. Please note that 50% of this Fee is reimbursable from IDOT at any time.

Should you have any questions on the above, please contact me.

Sincerely,  
  
Alan Spesard, PE

Rachel,

Please have the attached bid notice advertised.

thanks

alan

## **NOTICE TO BIDDERS**

Sealed proposals for the improvement described below will be received by the City of Shelbyville at the office of the City Clerk, City Hall; 170 East Main Street Shelbyville Illinois 62565 until 12:00 pm on June 11, 2020. Proposals will be opened and read publicly at that time, date, and location.

The proposed improvement consists of installing storm sewer along South Morgan, South 1<sup>st</sup> and South Washington streets and other related items of work.

Plans and proposals will be available in the office of the City Clerk, City Hall 170 East Main Street Shelbyville Illinois 62565 phone 217-774-5531

All proposals must be accompanied by a proposal guaranty as provided in the contract documents.

All bidders are required to be prequalified with the Illinois Department of Transportation and have a 'certificate of eligibility' on file at the City of Shelbyville City Hall. All Bidders shall comply with the prevailing wage act and the "apprenticeship and training program certification" requirements as indicated in the proposal booklet.

By Order of

Rachel Wallace  
City Clerk  
City of Shelbyville

Jeff,

attached is one of the forms that IDOT requires you to sign.

There will me more ... of course.

thanks

alan

**Illinois Department  
of Transportation**

**Local Public Agency Resident  
Construction Supervisor/ In  
Responsible Charge**

Regional Engineer  
Department of Transportation  
400 West Wabash  
Effingham, Illinois 62401

County	Shelby
Municipality	City of Shelbyville
Section	13-00055-00 SW
Route	Main Street
Contract No.	95864
Job No.	C-97-007-19
Project	TU34(077)

- ☒ I recommend the following individual as a local public agency employee qualified to be resident construction supervisor and to be in responsible charge of this construction project.
- ☐ I certify that I am in responsible charge as defined by the department of this construction project. Since the local public agency does not have a local public agency employee qualified to be the resident construction supervisor, I am recommending a consulting engineer to serve as resident construction supervisor.

4/30/2020

Date

X

Signature and Title (for the Local Public Agency)

Jeff Johnson

Applicants Name (Type or Print)

The following describes my educational background, experience and other qualifications to be resident construction supervisor of this construction project for the Local Public Agency.

**For Consultants:** I certify that my firm is prequalified in Construction Inspection and my Documentation of Contract Quantities certificate number is \_\_\_\_\_.

Jeff Johnson, City of Shelbyville Mayor,

Jeff has experience in responsible charge of administration of a variety of projects for the City of Shelbyville, These projects have been funded with State, Local, and Federal Funds. Examples of recent projects include Phase 8 Bike Trail – along Morgan street (95806); Safe Routes to School along 9th Street (95816); and Ninth Street Resurfacing (95734)

Jeff has a BS degree.

Jeff will be assisted on this project by The Upchurch Group – Stan Fearday.

Date

X

Signature of Applicant

Job Title of Applicant

Based on the above information and my knowledge of the applicant's experience and training, it is my opinion that the applicant is qualified to serve as the resident construction supervisor on this construction project.

**To:** Mayor Jeff Johnson <mayor@shelbyvilleil.net>; City Hall <cityhall@shelbyvilleil.net>  
**Cc:** City Clerk <cityclerk@shelbyvilleil.net>  
**Subject:** Re: List of Downtown Businesses for Streetscape

Can a notice be mailed to all the businesses ? I'm not sure what we should say in the notice but this is my thoughts:

The Main Street Streetscape improvement project is scheduled to start the week of May 4th. This project is scheduled to end in June of 2021.

It involves the removal and replacements of sidewalks, new decorative streetlights, brick paving, and drainage improvements. These improvements will occur on both the North and South sides of Main Street and between Broadway and Washington Streets. The initial work is scheduled to begin on the South Side of Main Street.

The construction contractor is required to coordinate construction activities with existing businesses in order to minimize disruptions and inconvenience to businesses.

For additional information, the contact for the construction contractor is:  
Kinney Construction Company  
attention: Chris Winning - 1-618-779-8434

IF you have any suggestions to add or delete the above notice ... please go ahead.  
(Also, please mail the notice to Stephanie Prosser for the property at 144 E. Main Street)

thanks

alan

**Subject:** Re: List of Downtown Businesses for Streetscape

It looks to me as though Max's Coins & Firearms is part of the parcel owned by Casey Davis.  
And Merle Norman looks like it is part of the parcel owned by Carol Kessler.

I have updated the word document to reflect these businesses.  
If other changes need to be made, let me know.

Thank you!  
-Sara

**Subject:** Re: List of Downtown Businesses for Streetscape

I wonder about Max's gun shop? Merle Norman?

We will need to work with the contractor to alert the businesses that it will start next week.

**To:** City Clerk  
**Cc:** City Hall; City Treasurer  
**Subject:** Re: HLR Invoice

Yes - pay from West Business District.

Also, invoices from HLR (like this one) are 80 % reimbursable for this project. So if you have canceled checks send to me and I can make up the invoice for Kelly.

alan

Section Number

City of Shelbyville

Shelby

20-00000-00-gm

The services to be performed by the consulting engineer, pertaining to the various items of work included in the estimated cost of the maintenance operations (BLR 14222), shall consist of the following:

**PRELIMINARY ENGINEERING** shall include:

Investigation of the condition of the streets or highways for determination (in consultation with the local highway authority) of the maintenance operations to be included in the maintenance program; preparation of the maintenance resolution (BLR 14220 for municipalities and counties), maintenance estimate of cost and, if applicable, proposal; attendance at meetings of the governing body as may reasonably be required; attendance at public letting; preparation of the contract, quotations, and/or acceptance (BLR 12330) form. Also, preparation of the maintenance expenditure statement which must be submitted to IDOT within 3 months of the end of the maintenance period.

**ENGINEERING INSPECTION** shall include:

Furnishing the engineering field inspection, including preparation of payment estimate for contract, material proposal and/or deliver and install proposal and/or checking material invoices of those maintenance operations requiring engineering field inspection. For operations requiring material testing ensure the testing is completed by a qualified firm.

For furnishing preliminary engineering, the engineer will be paid a base fee PLUS a negotiated fee percentage. Only one base fee can be charged per maintenance period. For furnishing engineering inspection, the engineer will be paid a negotiated fee percentage. The negotiated preliminary engineering fee percentage for each maintenance group shown in the "Schedule of Fees" shall be applied to the total estimated costs of that group. The negotiated fee for engineering inspection for each maintenance group shall be applied to the total final cost of that group for the times which required engineering inspections. In no case shall this be construed to include supervision of the contractor operations.

**SCHEDULE OF FEES**

Total of all Maintenance Operations:

☐ ≤ \$20,000 Base Fee

☒ > \$20,000 Base Fee = \$1,250.00

Maintenance Engineering Category	Preliminary Engineering		Engineering Inspection		Operation(s) to be Inspected
	Maximum Fee %	Negotiated Fee %	Maximum Fee %	Negotiated Fee %	
I	NA	NA	NA	NA	NA
IIA	2%	2%	1%		
IIB	3%	3%	3%		
III	4%	3%	4%	3%	
IV	5%		6%		

The LPA certifies that the selection of the ENGINEER was performed in accordance with the Local Government Professional Service Selection Act 50 (ILCS 510/1-510/8) and procedures outlined in Chapter 5 of the DEPARTMENT's Bureau of Local Roads and Streets Manual.

**Subject:** Re: HLR 18-60 BT Invoice 20200478

Sara,

This invoice is for project section 18-00060-00BT (Phase 10 bike trail engineering).

It should be paid out of West Business District (\$10,451.30)

We can get reimbursed from IDOT for 80% once the check has been cashed.

Let me know of any concerns.

thanks

ala

**Sent:** Thursday, December 12, 2019 10:56 AM  
**To:** City of Shelbyville  
**Subject:** City Council agenda  
**Attachments:** bodine Proposal Scan.pdf

Please add the following to Monday's agenda:

- Requirement for Environmental Sampling to allow the South Morgan Street Project to proceed

thanks

alan

See attached proposal

## **AGREEMENT FOR PRELIMINARY SITE INVESTIGATION**

### **BETWEEN**

### **CITY OF SHELBYVILLE**

### **AND**

### **BODINE ENVIRONMENTAL SERVICES, INC.**

Bodine Environmental Services, Inc. (Bodine), 5350 East Firehouse Road, Decatur, Illinois 62521, and City of Shelbyville (Client), 143 East Main Street, Shelbyville, Illinois 62565, agree that Bodine shall provide the professional services as described in accordance with and subject to the terms and conditions set forth herein.

Bodine agrees to furnish labor, materials, equipment and subcontracted services required to complete a Preliminary Site Investigation (PSI) of the potential waste sites with recognized environmental conditions (RECs) identified in the October 2, 2019, Preliminary Environmental Site Assessment prepared by Bodine. The project will be conducted for the affected rights-of-way of South Morgan Street, South 1<sup>st</sup> Street, and South Washington Street, Shelbyville, Illinois.

### **SCOPE OF WORK**

#### **Task 1 – Prepare PSI Work Plan**

Bodine will prepare a detailed work plan in accordance with the standards and guidelines set by the Illinois Department of Transportation for highway projects.

Estimated Cost for Task 1 - \$2,550.00

#### **Task 2 - Preliminary Site Investigation Fieldwork**

Eleven soil borings will be placed in strategic locations targeting the identified RECs. Each boring will be drilled to approximately twenty feet below the ground surface. Soil will be collected continuously using split spoon samplers or macro-tube samplers. A maximum of two soil samples will be collected from each boring and submitted for laboratory analysis. Laboratory analysis for proposed borings B1 through B5 includes benzene, ethylbenzene, toluene, and xylenes by method 8021, polyaromatic hydrocarbons by method 8270C SIM, lead by 6010B, and pH by 9045D. Laboratory analysis for proposed borings B6 through B11 includes Target Compound List (TCL) volatile organic compounds by method 8260B, TCL semi volatile organic compounds by 8270C, 8 Resource Conservation and Recovery Act Metals by 6010B, and pH by 9045D. Laboratory analysis for borings B10 and B11 will also include polychlorinated biphenyls by 8082.

Soil samples will be field screened with a photo ionization detector. Soil samples will be collected and placed in clean laboratory grade containers in accordance with SW846 Method 5035. All sampling trowels, drilling equipment, and sampling equipment will be decontaminated before

drilling and between boreholes using high pressure heated tap water or a detergent and water wash followed by a tap water rinse. Field personnel will use a new pair of disposable nitrile gloves before each sample is collected.

The lithology of each boring will be recorded by field personnel.

If encountered following boring installation a groundwater grab sample will be collected from the boring and analyzed for the same chemical constituents as proposed for soil with the exception of pH.

Estimated Cost for Task 2 - \$25,900.00

### **Task 3 – Data Review and Reporting**

Soil boring logs will be prepared documenting the geology of the subsurface soil in each boring. Analytical results will be tabulated. Bodine will summarize the activities conducted during the PSI and present the analytical data to the Client in the form of a Preliminary Site Investigation Report in accordance with the standards and guidelines set by the Illinois Department of Transportation for highway projects.

Estimated Cost for Task 3 - \$4,200.00

### **Assumptions:**

Prevailing wages apply for non-salaried personnel; and  
Flagmen required as part of traffic control.

### **CLIENT:**

City of Shelbyville  
143 East Main Street  
Shelbyville, Illinois 62565

**Subject:** Fw: Update - Rebuild Illinois and IDOT MYP  
**Attachments:** 2020 MYP Internet Version - Local Programs - p 11.pdf; Local Roads - Est Annual Revenue - Rebuild Illinois and IDOT MYP - All at 68 Percent Increase.xlsx; Rebuild Illinois - Bonds for Local Roads - CY 2018 MFT vs PA 101-0029.xlsx

Good News

As a result of this additional funding Shelbyville can expect to receive an additional:

- +\$81,660 a year in MFT due to 10 cent gas tax
- + \$309,942 in MFT spread out over 3 years due to sell of \$1.5 billion bond

if you have any questions let me know

**Subject:** Update - Rebuild Illinois and IDOT MYP

Good morning,

We are very happy to provide you with an update on the status of Rebuild Illinois and the just released IDOT Multi-Year Program.

You'll recall the state FY2020 budget as passed did not include any funds for the State Matching Assistance local program and it cut funding for the Consolidated Counties, Needy Township, & High Growth Cities local programs by 75%. Your IACE leadership, Craig Fink and I have been working with IDOT, legislators and staff, and the Governor's administration, urging them to not only restore these programs but increase them so all local agencies would receive the same estimated 68% increase in their base annual revenue intended by Rebuild Illinois.

You can see in the attached portion of the just released IDOT MYP that those programs are all included. Craig's analysis shows they are included at the 68% increased level we had requested. The attached spreadsheet shows Craig's estimated impact of this MYP combined with the impacts of Rebuild Illinois with all local agencies base annual revenue projected to be at the same 68% increased level. Acting Transportation Secretary Omer Osman has confirmed these programs are at that level. In addition, he along with the Governor's administration have given us their commitment to push the necessary legislation in the veto session to ensure the MYP can be delivered accordingly.

In addition, Acting Transportation Secretary Omer Osman and the Governor's administration have confirmed that the \$1.5 Billion in bond proceeds for locals will be delivered in two \$250 Million disbursements per year over the first 3 years of Rebuild Illinois. The attached spreadsheet shows the estimated impact of the full \$1.5 Billion for all local agencies. This is another item your IACE leadership, Craig and I have been working towards with IDOT, legislators and staff, and the Governor's administration.

This is a huge positive development in our ongoing efforts and we know, as we have proven time and again, that these funds are sorely needed.

Please call if you have questions. Thanks.

Craig Fink and Molly Rockford

State of Illinois  
Illinois Department of Transportation

# FY 2020-2025

## *Proposed Highway Improvement Program*

Illinois Department  
of Transportation

## Local Program

The MYP provides \$4.14 billion for improvements to an estimated 755 miles and more than 744 thousand square feet of deck area. Of these, 8 miles and 116 thousand square feet of deck area are on the NHS. Funding for local projects comes from federal, state and local funds for highway improvements selected by local units of government. The funding described in this document is in addition to the funds allocated directly to the local agencies through the state motor fuel tax allotments. Additional funding totaling \$1.5 billion in Series A bonds for grants to local agencies was included in the Rebuild Illinois capital program. In addition, another \$400 million annually will be distributed through the Motor Fuel Tax distribution formula from a portion of the \$.19 gas tax increase. The department also provides local governments funding for the following special programs, which total \$620.7 million.

- \$219.7 million for the county consolidated program
- \$40.3 million for high-growth cities
- \$100.9 million for needy townships
- \$90 million for the township bridge program
- \$42 million for upgrading local truck routes
- \$39.8 million for state matching assistance
- \$90 million to foster economic development

## Performance Metrics and System Condition

The below chart shows the acceptable condition levels for all road system types. The acceptable condition levels for all non-interstate, state-maintained roads will be measured against the same standard. The department has determined that the standard for non-interstates will be a Condition Rating Survey (CRS) of 5.0 or higher on a scale of 1.0 to 9.0. Interstates will be held to a higher standard of a 5.5 or higher CRS. Pavements in this condition are considered to be in fair condition, which means that they can be preserved using low-cost preservation treatments.

System	Acceptable Condition (CRS)	Desired System Percentage in Acceptable Condition
Interstate	5.5 or greater	90%
Other NHS	5.0 or greater	90%
Non-NHS Marked Routes	5.0 or greater	75%
Non-NHS Unmarked Routes	5.0 or greater	50%
