If any element of this request is denied in whole or in part, I ask that you justify all withholdings individually by reference to specific exemptions of the Act.

I request a rolling production of records, such that the public body furnishes records to my attention as soon as they are identified, preferably electronically, but otherwise mailed to my attention, at the below address. Rolling production is not to be perceived as an agreement to extend the timeframe for compliance under FOIA.

The purpose of the request is to access and disseminate information regarding the legal rights of the general public and is not for the principal purpose of personal or commercial benefit. As outlined in FOIA, documents shall be furnished without charge or at a reduced charge, as determined by the public body, if the person requesting the documents states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the public interest. Waiver or reduction of the fee is in the public interest if the principal purpose of the request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and is not for the principal purpose of personal or commercial benefit.

If you have any questions please do not hesitate to contact me. If records are being mailed, would you please notify me by email of the mailing date in order to avoid unnecessary PAC requests.
