PETITION
TO THE EDGAR COUNTY BOARD

We, the undersigned, HEREBY PETITION THE EDGAR COUNTY BOARD, as follows:

WHEREAS, the Edgar County Board is considering an ordinance to regulate the development of wind turbine electric generating projects (WECS) in the County;

AND WHEREAS, we, as concerned citizens and voters, or owners of land in the County, wish to express our concerns and opinions about the terms of the ordinance so as to limit the negative impact of such projects on the citizens and farmlands of the County.

NOW, THEREFORE, we respectfully petition the Edgar County Board as follows:

1. That the setback of WECS towers from Primary Structures should be no less than 3,250 feet.
2. That the setback of WECS towers from property lines of nonparticipating property owners should be no less than 2.5 times the tip height of the tower, or 1,500 feet, whichever is further.
3. That the setback of WECS towers from public roads, electric transmission lines, and communication towers should be no less than 2.5 times the tip height of the tower, or 1.500 feet, whichever is further.
4. That the maximum tower tip height of any WECS tower should be no more than 600 feet.

Respectfully submitted this _____day of_____, 2021.
