Harassing/Threats

Det M Thompson 184

On 03/08/21, I received information via a printed e-mail from Bonnie Kurowski. According to the email, Bonnie stated that she was contacted by a town in Illinois, Bolingbrook, in reference to reporting the mayor retiring after 32 years. According to Bonnie, she was met with resistance from a "local hate group, a group of far-right wing fascists/extremists trying to run a slate of candidates". The group known as Edgar County Watchdogs is based in Paris, Illinois. Bonnie continues that through her research and writing she has exposed the corruption and the involvement of the group in the Capitol insurgence.

Bonnie stated that this has been an on going issue and believes that it was spurred on by her contact with Teresa Bhoj. According to Bonnie, either Teresa or Edgar County Watchdogs have posted articles containing her address, photos of the outside of her residence and her contact information. It should be noted that Bonnie has 3 registered businesses that she use her home address and personal phone number for the business.

Bonnie continued that the group has caused her to lose her employment at JHT Incorporated due to harassment by calling the CEO Carla Holman. The group has written 12 articles of "defamation" on their website. Bonnie advised that she attempted to file stalking charges on Teresa was brought to the attention of Edgar County Watchdogs. The main subjects, John Kraft and Kirk Allen, travelled to Florida in order to "intimidate" her not to show up in court. Bonnie cited that the reason she did not go to the hearing was because she received a message from other subjects that the group was at the courthouse waiting for her. The group posted a photo of them travelling the turnpike believed to be near her residence. Since the hearing, the group has intensified their reporting of Bonnie.

An article posted on the group's website stated, "We spent most of this week in Florida working on several issues, one of which was an update on a previous article where we pointed out Bonnie Kurowski's false sworn statement to the Lake County, Florida, Court in her attempt at obtaining a stalking order (read it here) against a neighbor in her neighborhood." The article continued showing the public record search conducted and the results of Bonnie's civil case.

I conducted some research into the claims that Bonnie was being harassed by the Edgar County Watchdog group. I visited the website, Edgarcountywatchdogs.com. While on the site, I ran a search of Bonnie and observed multiple articles in which Bonnie's articles and the way the were presented were called into question. Bonnie stated that on the Facebook account for Edgar County Watchdogs there was a comment of "she doesn't know what is coming" left under a post about Bonnie.

Bonnie did advise that no one has approached her directly or made a direct threat to her. The issues that she has with Teresa have never become physical but Teresa will walk past her residence on the side walk.

Contact was attempted with Bonnie's partner, Erick Phleps, but his voicemail was not set up. I will attempt at another date to make contact.

No further information.
