Mr. Flynn,

I plan to follow the procedure for making appointments outlined in the memo. The County Board's next Committee of the Whole meeting is June 14.

I have reviewed your email and the attachments and I am still confused because you have not clearly articulated how you are proceeding forward. It is my understanding that there are two or three additional candidates for the Sangamon Valley Public Water District. Are going to be moving forward with appointing one of these candidates? It appears to me with multiple candidates that the process should be to present each candidate until a candidate is approved by the county board. This is

important because Mr. Larson was not approved by the County Board so the SVPWD currently has six board members and this makes it difficult if the SVPWD has a 3-3 vote then the board is stalemated that is why the statue requires seven trustees. Please confirm how and when you are going to proceed to fill this vacancy. I would like a response today; I do not want to file needless litigation but if this simple issue is not clarified today then you are forcing me to file a writ of mandamus. Thank you.
