Smith asked Mason what the current status was with Covid-19 work at the Health Department. Mason said they were monitoring approximately 100 positive cases with around 800 contacts. She said the Department has hired seven (7) new contact tracers to help keep up with the high numbers.

Mason told board members that the Health Department is still looking to hire a new WIC Nurse, a Health Educator and a Dentist.

Mason presented to the board the proposed FY 2022 Health Department budget. After discussion, the Board of Health members who were present voted to approve the budget. Mason said she would reach out to the other board members and ask them to vote on the budget so it can be approved and forwarded on to the Edgar County Board.

Seeing no further business, the meeting was adjourned.

(After the meeting adjourned, Mason received an approval on the budget from BOH member Kathy Lientz, which gave the Board a quorum to approve the budget.
