John,

I'm sending this per our phone conversation. I would like to get together to get your insight on some of the state statutes and mandates, as they would apply to the Shelby County Dive Rescue Team. I understand that you and your group are not attorneys and can't give me legal advice, however I believe you have spent much time studying information about county government. As the Commander of the team I feel it's time for me to start doing my own research, instead of just trusting what I'm being told.

I look forward to hearing from you.

Austin Pritchard

Commander, Shelby County Dive Team
