

Chain of Custody of Dive Team Files

On the morning of April 4, 2024, Chairman Orman and myself entered the Dive Team Shed and removed files from a locked file cabinet at the direction of the state's attorney due to the start of a forensic audit of the Dive Team. The treasurer immediately returned to the courthouse with those files. The files never left the treasurer's office until they were handed over to the Shelby County Sheriff on the afternoon of April 12, 2024.
