

Dear Kirk Allen,

10/28/24

Enclosed is the information that you requested in your FOIA request.

Copies of agendas and minutes for the last 12 months.

Copies of the OMA certificates for the mayor and trustees. This is something that we were unaware of before your request. Now that we know better, we will do better.

Copy of the minutes reflecting the appointing of a FOIA officer. This is also something that we were unaware that we needed. This has since been taken care of as well.

We do not have and have been advised not to ask for or share personal email addresses. We do not, nor have we ever, done any kind of business or communicating with trustees through email. The only emails that have ever been used for village business is villageofyale@yahoo.com and jmentna@yahoo.com.

Copies of all payments to the mayor for mowing.

The village does not have any credit cards.

Our little village has suffered two big losses this year. The two men who have shown us the ropes are no longer with us. While we are doing the best that we know how to do we clearly have fallen short in a couple of the above areas.

Kindest regards,

James Smith

FOIA Officer

Mayor of Yale
