Hi Julie,

I have looked all over for the mileage sheet for September, 2022 (3rd Quarter) & I can't find it anywhere.

I was able to go back to my old calendar book and I had recorded a total of 1685 miles. 497 regular miles & 1188 miles to & from classes in Springfield, IL. The mileage round trip from my house to Springfield class is 198 miles to the Fairgrounds.

I'm printing this email off and he will have to use this.

Thanks
Shirley
