Re: Milton Township
Distracted Driver Safety Program
Service Agreement
BCL File No.: 05-807

Dear Mr. Martini:

As you are aware from our discussion, the Law Firm of Bond Conway serves as the Attorneys for Milton Township. In connection with that representation, the Distracted Driver Safety Program Automated Traffic Enforcement Services Agreement was provided to me to review.

As we discussed, the Township is not authorized, pursuant to Illinois law, to issue citations relative to the Illinois Motor Vehicle Code. As a result of that lack of statutory authority, the Township does not have the legal authority to utilize the services that are provided for in the above-referenced Agreement. Therefore, the Township cannot contract with an entity to operate on their behalf with respect to these services. As a result, the Agreement is void. Additionally, it does not appear as though the Agreement was ever presented the Town Board for approval, which would have been required for such an Agreement.

Kindly consider this correspondence official notice from the Township that the March 24, 2025 Distracted Driver Safety Program Automated Traffic Enforcement Service Agreement is null and void and of no legal effect with respect to Milton Township.

Should you have any questions regarding this matter, please feel free to contact me. I wish you all the best in connection with this endeavor.

Sincerely,

Patrick K Bond
Attorney for Milton Township

Cc: Supervisor Higgins-Beard
Administrator Johnson
